Re: Vehicle exchange with East Hamblen County Volunteer Fire Department

I am requesting the approval of the exchange of vehicles between Hamblen County Government and East Hamblen County Volunteer Fire Department.

If approved, Hamblen County will give East Hamblen County Volunteer Fire Department a Ford Explorer 4x4 from the Sheriff's Department that has been declared surplus property.

In exchange East Hamblen County Volunteer Fire Department will give Hamblen County a 1994 Chevrolet Caprice that the County will sell with the proceeds going to the General Fund.

I also ask that once the ownership of the 1994 Chevrolet Caprice is transferred to Hamblen County that it be designated surplus property so we can expedite its sale.

Re: Joint M-H Economic & Community Development Board

Accompanying this letter are the August minutes of the Joint Morristown-Hamblen Economic & Community Development Board that was discussed during the FY 2016-17 budget process.

The Board also met today and adopted a budget for FY 2016-17. It is attached. The \$96,000 budget for industrial marketing is used to pay expenses associated with many types of communication with industrial and commercial prospects and existing businesses. The activities include but are not limited to website development and maintenance, media marketing, travel, and entertainment/gifts for prospects.

The annual Industrial Appreciation Breakfast is scheduled for October 6, 2016 at 7:30 a.m. at First Presbyterian Church. The breakfast is a time when the community shows its appreciation for the jobs and economic activity our industrial and businesses partners provide for our region.

#### Reports

<u>City of Morristown</u> – Mayor Chesney reported that the City of Morristown is financially healthy. The City Council recently raised property taxes 9 cents to fund the paving program and many projects have already been completed or are currently underway. Council members are continuing to focus attention on clean-up and beautification throughout the city limits. Their annual planning retreat is coming up this weekend. And lastly, City Council is pursuing condemnation proceedings in court of the Morristown College site.

<u>Hamblen County</u> – Rick Eldridge reported that the County Commission will again meet August 8 to consider a budget. Currently 4 miles of paving are in the budget. They have also hired an architect for the jail project. Due to recent drug round-ups, the jail population reached over 400 people. Bill Brittain then reported that the internship presentations wrapped up last week under the Workforce Development initiative. Also, the application for the second round of LEAP grants is underway. LEAP 2.0 would add Sevier, Greene and Cocke counties to the program and includes 50 intern positions. Three counties have already adopted the work ethic diploma criteria but there needs to be better marketing of the program to the high school students. And lastly, the county was awarded a \$7,000 tourism grant to make improvements at Hamblen County Boat Dock. The local match for this grant is \$3,000.

<u>Morristown Utility Systems</u> – Marshall Ramsey reported for Jody Wigington. Morristown Utilities is moving forward to build a sewer line from Exit 8 to the Lowland Waste Treatment facility near Exit 12. While there is an order from the state, it is a very cooperative agreement between MUS and TDEC. Also, the MUS Board will be considering a LED lighting upgrade project for the downtown area.

<u>Chamber of Commerce</u> – Marshall began his report by presenting updated industrial park maps that TVA helped put together. He then asked James Craine to give a transportation update.

11E four-lane project – A Public Notice was published several weeks ago for the right-of-way acquisition

MAID access improvements – The signal light at the intersection of Commerce Blvd. and 11E/W. Andrew Johnson Hwy. is slated for Summer 2017, with the j-hook improvements on Hwy. 160 at Commerce Blvd. following.

Hwy. 66 – Projected completion of this project is 2017. There are still some questions about a proposed signal at Alpha Valley Home Rd.

Marshall then reported on current prospect activity:

<u>Project Forward</u> – This prospect is looking at an existing building in the *East Tennessee Valley Industrial District*. At the prospect's request, the IDB is currently working on the state brownfield program for the property. The state has indicated they want the deal completed by the end of the month.

<u>Project Orbit</u> – This project has now purchased a building in the *East Tennessee Valley Industrial District* and expects to create 25 new jobs. They hope to make an announcement before the end of the summer.

#### Other Business

Marshall explained that this group has been operating under an old interlocal agreement that did not include the County Commission Chairman, as the very first interlocal agreement stated. By law this board only has to include the following: the county mayor, mayor or city manager of each city lying within the county, and one person who owns land considered to be greenbelt. Marshall asked the group to consider changing the membership to the following:

Mayor, Hamblen County Chair, Hamblen County Commission Mayor, City of Morristown Administrator, City of Morristown Chair, Industrial Development Board Vice-chair, Industrial Development Board President, Morristown Area Chamber of Commerce Greenbelt property owner – to be selected by the members of the Board

Marshall then pointed out that this group has never formally adopted a budget. This was in part due to the fact that there was already an agreement in place to fund economic development activities. However, he suggested to the group that this would be a good time to ask the City Council and County Commission to fund economic development activities through this board. This board will request the City of Morristown to fund \$56,000.00 and Hamblen County to fund \$42,000.00.

Upon motion by Gary Chesney, second by Bill Brittain, the Joint Morristown-Hamblen Economic & Community Development Board does hereby approve of these changes.

There being no further business, the meeting was adjourned.

Respectfully submitted,

well hasing

Marshall Ramsey Secretary

The Honorable Bill Brittain Hamblen County 511 West Second North Street Morristown, Tennessee 37814

Re: Important Information about Customer TV Boxes and Modem

Dear Mayor Brittain:

As part of our continuing effort to keep you informed, I wanted to let you know about an upcoming change affecting certain Comcast TV boxes and modems. Beginning August 24, 2016, a limited number of customers in your community will be asked to upgrade their equipment to take advantage of our new technology enhancements. With this upgrade, customers will enjoy improved HD picture quality and be able to record and store more shows on their DVR.

To continue to view all of their current favorite HD channels, some customers will need to upgrade their cable boxes no later than November 9. We have established a customer-friendly process for our customers to upgrade their equipment. They simply need to call 1.800.XFINITY (934.6489) and mention "Equipment Update" to schedule a free professional installation, or tune to channel 1995 on each TV connected to their account and follow the simple instructions on the screen, and we'll send them everything they will need to get set up.

While we recognize this change may be an initial inconvenience to customers, this change will pave the way for more HD options and the fastest in-home WiFi.

We are informing our customers of this upcoming change through letters to their homes and email notifications. A sample notification letter is enclosed for your reference. We will continue to notify customers on an ongoing basis about this change, including any deadlines for action, and will keep you informed as well.

Please let me know if you have any questions.

Sincerely,

Amy K. Averill Director, External Affairs

#### 1400-1-.04 Physical Plant:

Deficiencies Found: Yes X No

(1) The male and female inmate housing areas in the jail have very poor lighting and poor ventilation, which appears to be causing a continuous mold/mildew problem, as well as, making it difficult to control the temperature.

(3) Male and Female cell areas are not in compliance with required square footage due to overcrowding.

(6) Male and Female cell areas are not in compliance with toilet and sink ratios due to overcrowding.

(7) Male and Female cell areas are not in compliance with shower ratio due to overcrowding.

(23) Facility does not have enough cells to accommodate the facility's classification plan. Male and female inmates are not separated by sight, sound, and physical contact. Minimum, Medium, and Maximum security inmates are not able to be separated. Male and female inmates were being housed in the hall in front of the booking area along with a male inmate being shackled to the restraint chair and several males were shackled to benches. Male and female inmates are allowed to intermingle unimpeded within the previously noted area. Female trustee workers were roaming around the facility without the supervision of a Correctional Officer, including the areas around the male inmates.

Additional Comments:

Note: All cell areas in the original inmate housing areas have lighting that can only be controlled and turned on by the inmates in the cell areas. Officers have to enter areas with very little lighting and have the inmates turn on their lights in the cells to be able to see. This is only compounded by the fact that there are inmates that have to be housed in the hall areas, shower areas, and under another inmates bunk on the floor due to overcrowding. This creates serious safety and security issues for the inmates, correctional staff, and community.

Note: The facility's emergency generator is checked weekly by Maintenance Department. The emergency generator is checked yearly by Cummins Crosspoint, LLC with a last service date of August 6, 2015.

#### 1400-1-.05 Administration/Management:

(2) The facility's Policy and Procedure Manual is being revised to include the 2015 standards revisions and prior missing standards. The policy and procedures have not been signed or approved by the Sheriff.

(4) The facility has not completed a Fire Drill within the second quarter.

(6) The facility does not have evacuation plans posted within the cell areas. The contractor or local fire inspector has not reviewed or approved the facility's evacuation plans.

(8) The facility does not have a preventive maintenance plan.

(10) The facility does not have an inmate grievance procedure with one level of appeal.

Additional Comments:

Note: Lake Way Sprinkler services the Sprinkler System with last service date of February 17, 2016.

Note: Power Clean Pressure Washing services the Food Service Hood with last service date of February 20, 2015.

Note: Bullzye Fire Extinguisher Co. services the Fire Extinguishers and Kitchen Hood with last service date of January 26, 2016. Note: Simplex/Grinnell completed the Fire Alarm Inspection on May 19, 2016.

Deficiencies Found: Yes | X | No

Additional Comments:

(6) Facility needs to begin providing non-support staff annual training.(10) Facility needs to implement ongoing in-service training on firearms and less lethal weapons into the facility's training program.

Deficiencies Found: Yes X No 1400-1-.07 Security: (6) Keys, handcuffs, and shackles are not being documented on a consistent basis. (9) Firearms, chemical agents, and other related security and emergency equipment are not being inventoried or tested quarterly. (10) Inmates are not being supervised when using tools, supplies, and equipment. (11) Facility staff are not completing weekly inspections of the facility. (12) Facility does not have an inventory of tools, kitchen knives, toxic, corrosive and flammable substances, and other potentially dangerous substances. (14) Detention officer posts are not in close proximity to inmate living areas. Facility does not have post orders. (15) Facility administrator or designee is not visiting the facility's living areas weekly. (17) Inmate movement is not controlled by Correction Officers. Female trustees were roaming freely throughout the facility. (18) Facility staff are not properly documenting security inspections. Documentation in the male cell and workhouse area is vague and has from 2 to 10 hours between security checks. Female cell area documentation has up to 12 hours between physical security checks. This is a direct result of staffing being inadequate to supervise inmates as well as the antiquated and overcrowded facility. (19) Facility does not have sufficient staff to perform the functions relating to security, custody, and supervision of inmates. The lack of security checks area direct reflection of insufficient staffing to perform the necessary duties to maintain the safety and security throughout the facility. (20) Restraint chair is not to be used as punishment however a male inmate was shackled to the restraint chair. In the female housing unit, 2 female inmates were shackled to the restraint chair, with one being on a suicide watch. (21A-D) Facility is not using the restraint chair for only extreme instances, and the inmates are not being properly supervised while in the restraint chair. Documentation of security checks are not within the continuous or 15 minute time perimeters. Medical is not assessing inmates placed in or attached to restraint chair. (22B) Firearms, chemical agents, and related security and emergency equipment are not being inventoried or tested quarterly. Additional Comments: No Deficiencies Found: Yes X 1400-1-.08 Discipline: (2, 4, 7) Facility needs to implement the disciplinary process that is currently in their policy and procedure by completing disciplinary reports for rule violations and having hearings to determine sanctions. This is vital to help maintain control of the overcrowded and understaffed facility. Additional Comments: Deficiencies Found: Yes | X No 1400-1-.09 Sanitation/Maintenance: (1) The facility cell areas have excessive items including: strings, pictures, drawings, food items, books, paper on floor, walls, and bunks. Recommend a facility wide search to remove all the contraband and excessive items, as well as a thorough cleaning of the facility. The freezer seal needs to be replaced or repaired in the kitchen. The dishwasher needs to be replaced or repaired in the kitchen. In Female A Pod, the shower drain is clogged, one toilet does not work, and showers do not have good water pressure. In Female C Pod, there are several lights that need to be replaced. In Female D Pod the toilet is stopped up. Lights needs to be replaced in all male housing areas. In Male Annex, the ceiling needs to be repaired. Vents throughout the facility need to be cleaned or replaced. (2) Daily sanitation logs are not being completed on a consistent basis. The daily sanitation log does not reflect the accurate conditions of the cell areas. This also is a reflection of lacking adequate staff to fill all necessary post and perform all duties. (5) Facility needs to remove all pictures from the walls throughout the facility. (6) Facility needs to clean and paint all showers throughout the facility. The ceiling above the showers in W-COT is cracking and falling down. The ceiling in the shower area of Female A Pod needs to be repaired. Additional Comments: Note: Pest Control is provided twice monthly by Hale Pest Control with last service date of August 2, 2016.

(1A, B, C, and D) Documentation of inmates receiving clean socks, undergarments, outer garments, footwear, and uniforms is not being completed.

(5A, D, and E) Documentation of inmates receiving mattress, blanket, and bath-sized towel is not being completed. Inmates are not being provided with a mattress in good repair. The facility needs to remove and replace mattresses through the entire facility, due to the inmates destroying the mattresses.

(6A, B, C and 7) Correctional Officers need to complete the documentation for laundry; currently female trustees are completing the task. Mattress sanitation logs are being completed monthly. However, most mattresses are damaged and unable to be sanitized. Laundry is only being completed when the inmates want to send out the items this includes blankets, sheets, uniforms, and personal laundry.

Additional Comments:

Note: Commissary is provided by Blind Vendors.

#### 1400-1-.16 Supervision of Inmates:

(1) The facility is not conducting or logging security checks within an hourly basis on an irregular schedule. The female cell areas security checks are being completed via camera monitor. Physical security checks had time gaps of up to 12 hours between checks. Normally security checks are completed when medications are being dispensed by nursing staff and correctional staff. Jail Administrator advised that due to safety concerns the Correctional Officers were advised not to complete physical security checks unless there are two Correctional Officers present. Security checks in the male cell and workhouse areas varied from 2 to 10 hours between checks. Suicide Watch Logs are not in compliance with Policy and Procedures or Medical Protocol. Medical is not conducting an initial screening prior to mobile crisis being called to check suicidal inmates.

#### 1400-1-.17 Classification:

#### Deficiencies Found: Yes X No

Due to overcrowding, the classification process is impossible to achieve. Classification problems were evident due to the number of inmate on inmate assaults. From January 1 to July 7, 2016, 153 incidents of inmate on inmate assaults, 10 assaults on officer incidents, 55 restraint chair incidents, 112 suicide watches, 149 medical incidents, 96 contraband incidents, and three escapes. In 2015 from January 1 to July 7 there were 501 total incidents. From January 1 to July 7, 2016 there have been 753 total incidents.
 (2) Sight, sound, and physical separation between male and female inmates has become impossible to achieve due to overcrowding within the facility. Female trustees were roaming freely throughout the facility which included the male cell areas. In the booking hallway, male and female inmates were shackled to benches and intermingling with each other. Several males and females on medical watch and one on suicide watch were also lying on mats in the booking hallway with one male shackled to the restraint chair and others shackled to benches. Inmates were also present in this area that were coming and going for court and other areas in and out of the facility. Three male inmates were being housed in the old visitation room which had poor lighting and ventilation and secured by a residential sliding lock.

(3) Due to overcrowding throughout the facility, inmates with disabilities are not being housed and managed in a manner that provides for their safety and security.

- 4. New Business Chairman Hubert Davis
  - a. Personnel Policies
    - i. Longevity Pay Policy
    - ii. Education Component Policy

#### LONGEVITY PAY

#### I. POLICY AND GENERAL STATEMENT

Eligible Hamblen County Sheriff's Department employees are entitled to receive longevity pay. To be eligible to receive longevity pay, an employee must meet the following requirements:

- Occupy a full-time position with the Hamblen County Sheriff's Department (i.e., be regularly scheduled to work a minimum of 40 hours per week);
- Have accrued at least three years of full-time employment with Hamblen County Government
- Apply and be approved for the longevity payment by the County Commission's Personnel Committee

Temporary, casual or part-time employee's and department heads and elected officials whose minimum salaries are set by the state legislature are <u>ineligible</u> for receipt of longevity pay. If employee transfers from Sheriff's Department to another department within Hamblen County Government, he/she will lose longevity pay eligibility.

#### II. PROCEDURE

For a sheriff's department employee to receive longevity pay, he/she must be a full-time employee who has completed three full years of service with Hamblen County Government. Time spent working in a part-time position is <u>not</u> included in the eligibility calculation for longevity pay.

Sheriff's Department employees must complete an application (available from the Human Resources Manager) to qualify for longevity pay. The application will be reviewed by the County Commission's Personnel Committee which will either approve or deny the application. Employees should allow 30 days for their applications to be processed.

Employees who qualify for longevity pay will receive \$75.00 per year of service not to exceed \$2,250. The longevity pay will be paid annually with the last pay check of the employee's anniversary month. Longevity pay will be administered as a lump sum payment with the applicable payroll taxes and retirement contribution deducted and will not become part of the employee's base pay.

Longevity pay will not be included on a pro-rata basis when end of employment or termination pay is calculated.

#### EDUCATION COMPONENT

It is the policy of Hamblen County Government to provide employees with a compensation program that fairly compensates employees for the jobs and responsibilities that they hold, establishes compensation equity within the organization and is competitive within the labor market.

The Hamblen County Commission added an education component to the pay plan effective with the 2016-17 fiscal year. The education component provides employees who have successfully completed a post-secondary degree or certificate program with a pay increase based on the degree earned. All employees of Hamblen County Government are encouraged to apply.

Temporary, casual or part-time employees, and department heads and elected officials whose minimum salaries are set by the state legislature are <u>ineligible</u> for receipt of Education Component.

### INITIAL IMPLEMENTATION

Employees who hold post-secondary degrees or certificates must complete an application (available from the Human Resources Manager) for the education incentive and provide proof that he/she has earned the degree/certificate. Documented proof of the degree/certificate includes a photo copy of the original diploma or certificate or a certified copy of the official transcript from the education institution. An official transcript is one that has been received directly from the school. It must bear the college seal, date of completion and the Registrar's signature. Master's degrees qualify for the education incentive when they are related to the position the employee holds.

The application must be submitted to the Human Resource Manager for review by the County Commission's Personnel Committee which will approve or deny the application.

Education incentive amounts are <u>not</u> one time, lump sum payments. Rather, the increase is added to the base pay hourly rate and included in the calculation of any COLA employees may receive in subsequent years. Employees should allow 30 days for their applications to be processed. The education increase is effective the pay period immediately following the approval of the application

Certified Public Administrator (CTAS, COCTP)	\$200.00
Associate's Degree/CTE Certificates	\$350.00
Bachelor's Degree	\$850.00
Master's Degree	\$1600.00

On an annual basis, the increases are as follows:

Employees can qualify for one increase based on the highest level of education achieved. For example, if an employee has an Associate's degree and a Bachelor's degree, that employee would

August 30, 2016

qualify for the increase for the Bachelor's degree. Multiple degrees and/or certificates do not qualify employees for multiple increases.

## CONTINUUM OF PROGRAM

Employees can qualify for an education incentive if they increase their education attainment while employed with Hamblen County Government. For example, if an employee was hired without a qualifying post-secondary degree/certificate, but earns the degree/certificate during his/her employment, the employee can apply for and be awarded the education increase. Also, if an employee has achieved a qualifying level of education and while employed with Hamblen County Government earns a higher degree, he/she can receive an increase reflecting the higher degree. An example is: an employee holds an Associate's Degree and while employed with Hamblen County earns a Bachelor's Degree, he/she will receive a \$500 increase to his/her base pay.

For newly hired employees, department heads should <u>not</u> include the education attainment amount with the starting pay for the new employees. The education component can be added and become effective the pay period immediately following the completion of the new employees' probationary periods if the applications are approved by the County Commission's Personnel Committee.

### MILITARY SERVICE

County employees who have active military service can qualify for a military service increase. Time with reserves does not qualify for the program. Employees with active military service can submit an application with documentation (discharge papers) proving their years of service. The military service pay increase will be awarded to employees who received an honorable discharge. The amount will be added to the base pay hourly rate. An employee <u>cannot</u> receive both pay supplements for education attainment and military service. The employee should apply for the supplement that would provide him/her the largest pay increase. Employees should allow 30 days for their applications to be processed. The military service increase is effective the pay period immediately following the approval of the application.

2-10 Years of Acti	ve Military Service	\$350.00
11-15 Years of Ac	tive Military Service	
16+ Years of Activ	ve Military Service	\$1600.00

On an annual basis, the increases are as follows:

For newly hired employees, department heads should <u>not</u> include the military service amount with the starting pay for the new employees. The military service component can be added and become effective the pay period immediately following the completion of the new employees' probationary periods if the applications are approved by the County Commission's Personnel Committee.
