No building permit or certificate of occupancy will be issued.

**NOW THEREFORE BE IT RESOLVED** that the Hamblen County Legislative Body does hereby amend the Hamblen County Zoning Resolution to read as follows:

10.2 Permits Requirements. (Jan. 21, 2010) It shall be unlawful to erect, construct, place, enlarge, alter, move, or change the occupancy of a principal building, structure or accessory building on any lot, tract, parcel or plot of land, unless exempted from permit requirements, before the required building permit is obtained. It shall also be unlawful to construct a second principal structure on any single piece of property, or to make any additions or alterations to any existing building or structure, unless the proper approval and permit is first obtained. A building permit is not required for conducting ordinary repairs and maintenance activities to buildings or structures not involving the cutting away of any wall, the removal or cutting of any structural beam or load-bearing support, or any changes made to ingress or egress requirements. Exemptions from the permit requirements of the adopted codes shall not be deemed to grant authorization for any work or maintenance activity to be done in violation of the provisions of such codes or any other laws of this state or resolutions of this jurisdiction.

A building permit is required for the placement of a modular home or structure and the placement, replacement or upgrading of a manufactured (mobile) home, or other similar type of mobile unit which is approved under Article 6.11 C., either temporarily or permanently. The storage of a mobile home anywhere other than in an approved mobile home park or on a mobile home sales lot is strictly prohibited.

It shall be unlawful to erect, install, enlarge, alter, repair, remove, convert or replace any mechanical, plumbing or gas system, the installation of which is regulated by adopted codes, or to cause such work to be done, unless exempted, without first obtaining the required permits for the work. Mechanical, plumbing, and gas permits shall not be required for minor repair work, direct

replacement of an existing system or components or ordinary maintenance activities conducted on an existing mechanical, plumbing or gas systems. Exemption from the permit requirements of the adopted codes shall not be deemed to grant authorization for any work, replacement or maintenance activity to be done in violation of the provisions of such codes or any other laws of this State or resolutions of this jurisdiction.

It shall be unlawful to commence any land-disturbance activity that would require the uncovering of one acre, or more, without first receiving the approval and obtaining a general construction permit from the State of Tennessee and submitting an Erosion and Sediment Control Plan to the County, for its approval, and obtaining a local site development permit.

Unless otherwise provided, owners/agents of project developments of less than one acre of land-disturbance are required to obtain authorization under a local storm water permit when the construction activities at the site are either: (1) part of a larger common development or sale that is at least one acre in size; (2) discharges from the site are causing, contributing to, or are likely to cause local storm water violations; (3) discharges from the site are, or are likely to be a significant contributor of pollutants to waters of the State; or (4) local, state or federal laws or rules require such sites to obtain a permit.

In addition to any other provisions in this Resolution, the commencement, placement or modification made to any site, building, structure or system without first obtaining the required permit(s) shall subject the owner/agent to double permit fee(s). Also, failure to obtain any of the necessary inspections either before, during or after the course of site development or construction activity may require an engineer's certification on the site, building, structure or system to verify compliance with applicable laws, resolutions and adopted code provisions.

If a residence is occupied before the final inspection is completed, Hamblen County will not issue a certificate of occupancy. However, if the property owner provides the Planning Commission office with a certificate from a state licensed structural engineer saying that the building is structurally sound, the Planning Commission office will recognize that the evaluation was done and attach the report from the engineer to the building permit.

In a case that no building permit was issued and the property owner did not follow the proper building inspection process, the property owner can provide the Planning Commission office with a certificate from a state licensed structural engineer saying that the building is structurally sound and the Planning Commission office will acknowledge that the structural assessment has taken place. No building permit or certificate of occupancy will be issued.

## A RESOLUTION TO REPEAL THE EXISTING SECTION 6.11C AND REPLACE WITH A NEW SECTION 6.11 C MEDICAL HARDSHIP, HAMBLEN COUNTY ZONING RESOLUTION

**WHEREAS,** The Hamblen County Planning Commission has recognized the need for an amendment to the Hamblen County Zoning Ordinance; and,

**WHEREAS,** The Hamblen County Planning Commission does hereby recommend to the Hamblen County Board of Commissioners that Section 6.11C replace as it reads below the existing section 6.11C:

## 6.11 C Medical Hardship

The purpose of granting a medical hardship is to provide an individual with quality care that would otherwise require a long term nursing home stay or hospice. The medical hardship must be life threatening or require constant remedial care after surgery or other serious health issues. The following conditions must be met:

- 1. The granting of a medical hardship allows a second dwelling to be placed on the property only if the primary residence is legal. The secondary residence must be a single wide, double wide or "granny pod" that meets current building codes. All zoning setbacks must be met or the second dwelling shall not be allowed. The second dwelling shall be served by public water and sewer or septic system. If a septic system is to be used, the lot must have an additional evaluation to determine if an additional septic system and duplicate area can be utilized on the property. This second system must be certified by the health department.
- 2. The second dwelling must be used exclusively to house an immediate family member that includes either a: great grandparent, grandparent, parent, sibling or adult child.
- 3. A family member must be needed to assist with the constant and reoccurring physical care. The family member must live either in the primary residence or the secondary structure.

- 4. The medical hardship must be life threatening such as: cancer, end stage renal failure, stroke, heart condition, ALS, Muscular Dystrophy or any similar disease. The applicant must have a letter from the attending physician(s) on official letterhead stating the medical issue and the length of time needed for the care. The letter must be submitted annually to the Board of Zoning Appeals.
- 5. The Board of Zoning Appeals shall hear the application for medical hardship from each applicant once a year. The medical hardship approval may be continued on a yearly basis as long as all of the conditions described in this paragraph continue to exist. Once the conditions authorized no longer exist or no annual paperwork and proof of medical hardship supporting the continuation has been submitted for the required annual hearing, the permit shall be deemed expired and the secondary structure must be removed within sixty (60) days. If the structure is not removed and legal action is required, the County will seek the recouping of all legal fees including court costs and attorney fees.

NOW THEREFORE BE IT RESOLVED by the Hamblen County Board of Commissioners that Section 6.11C of the Hamblen County Zoning Resolution be amended as recommended by the planning commission and written above.
