CONFLICT OF INTEREST STATEMENT #1 Tax Levy Resolution FY 2017- 2018 Budget

1. CHAIRMAN RICK ELDRIDGE reads before vote on Tax Levy Resolution:

The Attorney General of Tennessee has previously opined that members of the county legislative body may vote on the budget which includes retirement and insurance benefits for themselves as members of that body because Tennessee Code Annotated 5-5-107 (a) authorizes county legislative bodies to fix the compensation of their membership. For purposes of the Hamblen County Code of Ethics adopted by this Body on April 19,2007, I hereby acknowledge this apparent conflict of interest however, I declare that my argument and my vote answer only to my conscience and to my obligation to my constituents and the citizens this Body represents.

A RESOLUTION TO REPEAL THE EXISTING SECTION 6.11C AND REPLACE WITH A NEW SECTION 6.11 C MEDICAL HARDSHIP, HAMBLEN COUNTY ZONING RESOLUTION

WHEREAS, The Hamblen County Planning Commission has recognized the need for an amendment to the Hamblen County Zoning Ordinance; and,

WHEREAS, The Hamblen County Planning Commission does hereby recommend to the Hamblen County Board of Commissioners that Section 6.11C replace as it reads below the existing section 6.11C:

6.11 C Medical Hardship

The purpose of granting a medical hardship is to provide an individual with quality care that would otherwise require a long term nursing home stay or hospice. The medical hardship must be life threatening or require constant remedial care after surgery or other serious health issues. The following conditions must be met:

- 1. The granting of a medical hardship allows a second dwelling to be placed on the property only if the primary residence is legal. The secondary residence must be a single wide, double wide or "granny pod" that meets current building codes. All zoning setbacks must be met or the second dwelling shall not be allowed. The second dwelling shall be served by public water and sewer or septic system. If a septic system is to be used, the lot must have an additional evaluation to determine if an additional septic system and duplicate area can be utilized on the property. This second system must be certified by the health department.
- 2. The second dwelling must be used exclusively to house an immediate family member that includes either a: great grandparent, grandparent, parent, sibling or adult child.

In a case that no building permit was issued and the property owner did not follow the proper building inspection process, the property owner can provide the Planning Commission office with a certificate from a state licensed structural engineer saying that the building is structurally sound the Planning Commission office will acknowledge that the structural assessment has taken place. No building permit or certificate of occupancy will be issued.

NOW THEREFORE BE IT RESOLVED that the Hamblen County Legislative Body does hereby amend the Hamblen County Zoning Resolution to read as follows:

10.2 Permits Requirements. (Jan. 21, 2010) It shall be unlawful to erect, construct, place, enlarge, alter, move, or change the occupancy of a principal building, structure or accessory building on any lot, tract, parcel or plot of land, unless exempted from permit requirements, before the required building permit is obtained. It shall also be unlawful to construct a second principal structure on any single piece of property, or to make any additions or alterations to any existing building or structure, unless the proper approval and permit is first obtained. A building permit is not required for conducting ordinary repairs and maintenance activities to buildings or structures not involving the cutting away of any wall, the removal or cutting of any structural beam or load-bearing support, or any changes made to ingress or egress requirements. Exemptions from the permit requirements of the adopted codes shall not be deemed to grant authorization for any work or maintenance activity to be done in violation of the provisions of such codes or any other laws of this state or resolutions of this jurisdiction.

A building permit is required for the placement of a modular home or structure and the placement, replacement or upgrading of a manufactured (mobile) home, or other similar type of mobile unit which is approved under Article 6.11 C., either temporarily or permanently. The storage of a mobile home anywhere other than in an approved mobile home park or on a mobile home sales lot is strictly prohibited.

It shall be unlawful to erect, install, enlarge, alter, repair, remove, convert or replace any mechanical, plumbing or gas system, the installation of which is regulated by adopted codes, or to cause such work to be done, unless exempted, without first obtaining the required permits for the work. Unless otherwise provided, owners/agents of project developments of less than one acre of land-disturbance are required to obtain authorization under a local storm water permit when the construction activities at the site are either: (1) part of a larger common development or sale that is at least one acre in size; (2) discharges from the site are causing, contributing to, or are likely to cause local storm water violations; (3) discharges from the site are, or are likely to be a significant contributor of pollutants to waters of the State; or (4) local, state or federal laws or rules require such sites to obtain a permit.

In addition to any other provisions in this Resolution, the commencement, placement or modification made to any site, building, structure or system without first obtaining the required permit(s) shall subject the owner/agent to double permit fee(s). Also, failure to obtain any of the necessary inspections either before, during or after the course of site development or construction activity may require an engineer's certification on the site, building, structure or system to verify compliance with applicable laws, resolutions and adopted code provisions.

If a residence is occupied before the final inspection is completed, Hamblen County will not issue a certificate of occupancy. However, if the property owner provides the Planning Commission office with a certificate from a state licensed structural engineer saying that the building is structurally sound, the Planning Commission office will recognize that the evaluation was done and attach the report from the engineer to the building permit.

10.0 LONGEVITY PAY

Eligible Hamblen County employees are entitled to receive longevity pay. To be eligible to receive longevity pay, an employee must meet the following requirements:

- Occupy a regular full-time position within Hamblen County Government that qualifies
 the employee for other county employment benefits, i.e. health insurance, life
 insurance, retirement, vacation and sick leave;
- Have accrued at least three (3) years of **regular** full-time employment within Hamblen County Government;
- Apply and be approved for the longevity payment by the County Commission's Personnel Committee

Temporary, casual or part-time employees, department heads and elected officials whose minimum salaries are set by the state legislature are <u>ineligible</u> to receive longevity pay. Time spent working in a part-time position is <u>not</u> included in the eligibility calculation for longevity pay. Employees whose full-time work history within Hamblen County Government (HCG) is interrupted will receive credit for all previous full-time employment. For instance, if an employee works 18 months for a county department and leaves employment (and is not terminated for cause) for a period of time, that employee will receive credit for the 18 months toward the three (3) year eligibility requirement if he/she returns to work for HCG.

Employees must complete an application (available from the Human Resources Manager) to qualify for longevity pay. The application will be reviewed by the County Commission's Personnel Committee which will either approve or deny the application. Employees should allow 30 days for their applications to be processed. *If an application is denied the applicant can request an appeals hearing before the Personnel Committee.*

Full-time employees who qualify for longevity pay will receive \$75 per year of service not to exceed \$2,250. The longevity pay will be paid annually with the last pay check of the employee's anniversary month. Longevity pay will be administered as a lump sum payment with the applicable payroll taxes and retirement contribution deducted and will not become part of the employee's base pay.

Longevity pay will not be included on a pro-rated basis when end of employment or termination pay is calculated. An employee must be an active employee on his/her anniversary date to receive the longevity pay for that year.

Proposed Change to HRA Wellness Program

The federal Equal Employment Opportunity Commission (EEOC) has ruled that employer sponsored health insurance plans, like the County's plan, can no longer offer lower deductible limits as an incentive for participating in a wellness program.

This decision means that beginning with the 2018 plan year the Hamblen County Health Insurance Plan can no longer offer a lower deductible (\$1,250 vs \$2,000) for employees/spouses who complete a Health Risk Assessment (HRA) each year. Presently, 82% of county employees and/or their dependents participate in the HRA wellness program.

Therefore, I am proposing that the County change its health insurance premium structure to encourage employees/spouses to participate in the HRA wellness program. The proposal includes an additional \$50/month for employees without dependent coverage or with employee/children coverage if they do NOT complete a HRA and an additional \$100/month for employees with spouse/family coverage if they do NOT complete a HRA. Children are not required to complete a HRA for them to be compliant. Under this proposal, the deductible for all participants will be \$1,250 per person and \$2,500 for family coverage regardless of whether they participate with the HRA Wellness Program.

If approved, the additional premium would be effective with the December 15, 2017 payroll. The deadline to complete HRA's would be September 30, 2017.

Participating in the HRA wellness program is a critical part of managing our self-insured health insurance plan, because it gives the employees, their families and the health care providers the information they need to better manage their health and health care.

The proposal will be presented to the Personnel Committee at its meeting on Monday, July 10, 2017.

E-911 Health Insurance

Motion by Hubert Davis, seconded by Doe Jarvis to transition the Morristown-Hamblen Emergency Communication District off of the County Health Insurance Plan effective January 1, 2018, increase premiums by 15% effective July 1, 2017and require reimbursement to the self-insurance fund in the amount of \$50,000.

Eric Carpenter, Director
M-H Emergency Communication District
530 N Jackson Street
Morristown, TN 37814

Dear Eric,

Hamblen County had an actuarial study of its employee health insurance plan performed recently. It confirmed what we had suspected that since the start of the self-insured plan three years ago, the County has subsidized the payment of claims for E-911 employees by more than \$300,000.

The health insurance plan has sustained the losses from the 911 group without raising premiums for all members of the health plan, but the plan can no longer sustain it. The study suggested three ways to address the issue which included significant premium adjustments for 911 participants that could range from 30 to 67 percent plus an end-of-the-year reconcillation between revenue and expenses (claims/administrative expenses) for 911 employees.

Therefore, I am proposing a three-step solution that, in my opinion, would be the least painful for the ECD.

STEP 1: Premiums charged 911 for its employees and dependents increase 15% effective July 2017.

STEP 2: The District reimburses the self-insurance fund \$50,000 over the next six months to offset some of the shortfall incurred over the last three years.

STEP 3: The District transitions off the County's health insurance plan effective
January 1, 2018. The County and its health insurance consultant will help find
an affordable plan that meets the District's needs. A preliminary search indicates
that the District qualifies to participate in the State of Tennessee's Local
Government Health Insurance Plan. The state plan's premium structure is attached.

The future of ECD's eligibility for the Hamblen County-City of Morristown Employee Health Clinic will be discussed by the clinic management team.

The County is committed to making this transition as smooth as possible, and welcomes input from the ECD Board.

Sincerely,

Bill Brittain County Mayor

Re:

Health Insurance Eligibility for Pre-65 Retirees

For Outside Agencies

In July 2016, the County Commission approved a policy allowing pre-65 year old retirees from E-911, Morristown-Hamblen Library and Hamblen-Morristown Solid Waste Authority the option to participate with Hamblen County's health insurance plan if the retirees were willing to pay the full premium and with the understanding that their dependents would not be eligible for coverage. Currently, we do not have any retirees from these outside agencies enrolled in our health insurance plan as a result of this policy.

I am requesting that we rescind this policy while the County Mayor's office and Finance Department work with our health insurance consultant, Sherrill Morgan, on a strategic plan for our self-insured health insurance plan going forward. For approximately the last six months, we have been discussing possible strategies with Sherrill Morgan and will be prepared to present them to the personnel committee within 60 days.

Do not hesitate to contact me with any questions.

Recommendation by Wayne TruBlu Tactical - A) Lower bid than BKT Uniforms, B) Better customer service than Mize for Award: | Midsouth Solutions (aka Summit Uniforms)

Midsouth Solutions also known as Summit Uniforms was asked to provide this department with a few sets of patrol uniforms to include boots. They required us to pay for the entire order up front but many items were backordered.

Each time backorders were shipped they invoiced us again although those items were already paid for. They actually sent **PAST DUE** notices for items already paid for.

Debbie and Dennis in Accounts Payable were required to spend an inordinate amount of time trying to resolve Summit's billing issues and in the end it took them almost six months to get everything straightened out.

We sent a few officers to Summit's place of business who were measured by Summit for uniforms and when they shipped the uniforms they did not fit at all and had to be redone.

We sent an officer to Summit to be measured for boots **prior** to him entering the academy (TLETA), that officer's boots never arrived until **after** he had graduated from the 10 week academy.

We then turned to TruBlu Tactical and everything we needed was received in less than three weeks with no billing issues.

I have also spoken to other agencies who have dealt with Summit in the past who say they were unhappy with billing issues and delayed shipping.

For them as a vendor to try to provide 55 Corrections Officers with uniforms and boots when they cannot handle just a few would be disastrous for us and impossible for them based on their past poor performances.

It is in the best interest of the County to not accept this bid and to go with TruBlu Tactical.

Re: Suzanne Smith, Assessor of Property Office

I am requesting a job title change for Suzanne Smith to Sales/Greenbelt Coordinator. There was a recent change in my office in which I had a 42 year employee retired and hired a new employee. Suzanne has been employed with the county for several years and is a season employee, so I would like to take some duties from the new employee and add more responsibility. Therefore, I am requesting the following change.

Budget 52300-106 -\$1,950 Budget 52310-106 +\$1,950

This would increase Suzanne's yearly pay effective August 1, 2017. This would require no new monies, just a transfer in accounts.

Best Regards,

J. Keith Elv

Hamblen County Government - Maintenance Department

Memorandum

To: Public Services Committee, Chairman Howard Shipley

From: Terry Myers, Maintenance Department Supervisor

Date: 7/26/2017

Re: Surplus of 1991 Ford Aerostar Van

The Hamblen County Maintenance Department has a 1991 Ford Aerostar Van, VIN# 1FMCA11U9MZB34357, which we wish to surplus. The vehicle has mechanical issues that make the repairing of such issues a larger expense than the current value. The van is no longer dependable and has excessive mileage.

I ask that the County Commission surplus the 1991 Ford Aerostar Van from the Maintenance Department's asset listing.

Devy Myers Maintenance Superiesies

Thank you,

Terry Myers

Memorandum

To: Mayor Bill Brittain, Hamblen County Commissioners, Chair of Public Safety Commission

From: Hamblen County EMS Regulatory Board Chairman Chris Bell, Rick Valentine, and

Mark Harrell **Date:** 26 July 2017

Re: Hamblen County EMS Services Board Recommendation

Hamblen County EMS Regulatory Board (HCERB), based on the Resolution and Regulations of operation of patient transport within Hamblen County, unanimously recommends Morristown Hamblen EMS to be made sole provider of EMS services in Hamblen County with no limit on the duration of time on the Certificate of Authority to Operate until otherwise deemed necessary.

This recommendation comes based on the following supporting evidence:

- 1. LifeCare EMS, without any written notice or prior warning, closed its doors on August 9, 2016, leaving the primary provider and Chairman Bell, in the precarious position of fulfilling their scheduled non-emergency runs. During the next 3-4 days, intense scheduling, routing, employee overtime, and MHEMS office personnel phone calls and emails with the clients and vendors sustained all scheduled appointments on date and time (except for two) for treatments such as dialysis and scheduled transports for procedures.
- 2. Several other counties in East Tennessee over the past few years have experienced similar situations with other EMS providers to their county and have closed their counties to outside providers and now only have one County EMS provider. Examples include Grainger County, Jefferson County, and Hawkins County.
- 3. County Commission indicated in their vote on July 24, 2014 "to place no limitations on the number of Certificates of Authority issued for secondary EMS services" to allow competition and free enterprise to determine the feasibility of multiple services operating in Hamblen County. We believe the marketplace has spoken and can financially sustain one (1) patient transportation provider in Hamblen County.
- 4. Morristown-Hamblen EMS responded quickly to take care of the abandoned patients of LifeCare EMS. They have proven capable of handling the 26% increase in non-emergency calls since LifeCare EMS shut its doors. Morristown-Hamblen EMS has stepped up when they were under no obligation to do so and have proven they are here for Hamblen County and its citizens. They have also invested in hiring some of the employees that LifeCare left without a job. Additionally, they have also invested in additional ambulances and equipment to handle the additional call volume.

Morristown-Hamblen

Morristown Hamblen EMS Regulatory Board 511 West Second North Street

Morristown, Tennessee 37814 (423) 581-6225

5. Morristown-Hamblen EMS has received high marks on service from entities that they serve in our jurisdiction, including some that originally indicated they wanted LifeCare EMS to stay.

Because of the commitment of Morristown-Hamblen EMS to Hamblen County and its citizens, and through the evidence of their good faith actions, the Hamblen County EMS Regulatory Board believes it is in the best interest of the citizens of Hamblen County to grant sole franchise right to Morristown-Hamblen EMS as provider for patient transport services in Hamblen County until otherwise deemed necessary.

A re-inspection will be conducted on or about **August 17, 2017** to determine if the deficiencies have been corrected. The final report will be presented to the Board of Control at its next meeting.

1400-1-.04 Physical Plant:

Deficiencies Found: Yes X No

- (1) The male and female inmate housing areas in the jail have very poor lighting and poor ventilation, which appears to be causing a continuous mold/mildew problem, as well as making it difficult to control the temperature.
- (3) Male and Female cell areas are not in compliance with required square footage ratios due to overcrowding.
- (6) Male and Female cell areas are not in compliance with toilet and sink ratios due to overcrowding.
- (7) Male and Female cell areas are not in compliance with shower ratio due to overcrowding.
- (23) Facility does not have enough cells to accommodate the facility's classification plan. Male and female inmates are not separated by sight, sound, and physical contact. Minimum, Medium, and Maximum security inmates are not able to be separated. Male and female inmates were being housed in the hall in front of the booking area. Male and female inmates are allowed to intermingle unimpeded within the previously noted area. Female trustee workers were moving unsupervised around the facility without the supervision of a Correctional Officer, including the areas around the male inmates.

Additional Comments:

Note: All cell areas in the original inmate housing areas have lighting that can only be controlled and turned on by the inmates in the cell areas. Officers have to enter areas with very little lighting and have the inmates turn on their lights in the cells to be able to see. This is only compounded by the fact that there are inmates that have to be housed in the hall areas, shower areas, and under another inmates bunk on the floor due to overcrowding. This creates serious safety and security issues for the inmates, correctional staff, and community.

Note: The facility's emergency generator is checked weekly by Maintenance Department with last service date of June 27, 2017. The emergency generator is checked yearly by Cummins Crosspoint, LLC with a last service date of August 31, 2016.

1400-1-.05 Administration/Management:

Deficiencies Found: Yes | X | No

- (2) The facility's Policy and Procedure Manual is being revised to include the 2015 standards revisions and prior missing standards. The policy and procedures have not been signed or approved by the Sheriff.
- (4) The facility has not completed a Fire Drill within the second quarter.
- (6) The facility does not have evacuation plans posted within the cell areas. The contractor or local fire inspector has not reviewed or approved the facility's evacuation plans.
- (8) The facility does not have a preventive maintenance plan.
- (10) The facility does not have an inmate grievance procedure with one level of appeal.
