January 15, 2026

TO: Hamblen County Commission
FROM: Chris Cutshaw, County Mayor
RE: Appointment to Hamblen County Planning Commission

I am requesting your confirmation of the following appointment to the Hamblen County Planning Commission on the resignation of Thomas Doty-Commissioner, effective January 2, 2026.

- Mike Richardson (Commissioner)- Effective until September 2026

Mike Richardson is very familiar with County Government and is well qualified for the position. I feel he will be an asset to the Planning Commission. Mr. Richardson has indicated to me that he is willing to serve if his appointment is confirmed.

Under State Law, the Planning Commission members are appointed by the County Mayor with the confirmation of the County Commission. The confirmation vote is on the Calendar of the January 22, 2026, Commission meeting.

Chris Cutshaw

TO: Hamblen County Commission

FROM: Chris Cutshaw, County Mayor

DATE: January 15, 2026

RE: Reappointment to EMS Regulatory Board

A handwritten signature in blue ink that appears to read "JC".

The Hamblen County EMS Regulatory Board was formed in 2014 to establish and monitor standards for ambulance services.

The Board consists of three persons:

- EMA Director
- Emergency Medical Services Professional
- Physician with Emergency Medicine Experience

The term of Dr. Mark Harrell, an emergency department physician at Morristown-Hamblen Healthcare System, has expired. Dr. Harrell has agreed to serve another three-year term that expires 12/31/2028.

I am recommending that Dr. Harrell be reappointed to this board position.

Chris Cuthaw
Hamblen County Mayor

TO: SHERIFF CHAD MULLINS

FROM: PEGGY HENDERSON, HAMBLEN COUNTY CLERK

RE: BEER LICENSE APPLICATION

Attached is a copy of an application for a beer permit in Hamblen County. The Beer Board has requested that you verify any conviction of any crime (other than traffic violations) within the last 10 years for the owner of the business and any name listed in question #14. Once verified, please sign below and return to my office before the next County Commission meeting. You may fax response to (423)-585-2015.

Thank you,

Peggy Henderson, Hamblen County Clerk

Notes: Every county business license, location expansion and change of location application needs to be reviewed and approved by the Hamblen County Zoning before a business license application can be processed.

Hamblen County has zoning districts that reflect the diversity of business and neighborhood uses. Each zoning district has different regulations about the type of business activities that are permitted.

It is very important that you check the zoning requirements of your proposed business location carefully) It is critical that you:

DO NOT enter into any financial commitments (i.e. sign a lease) unless you are certain that you are in a proper zoning district that allows the proposed business activity.

DO NOT assume the previous owner's zoning approval applies.

AMENDMENT #1

2025-2026

The Hamblen County Board of Education requests approval from the Hamblen County Commission for Amendment # 1 to the 2025-2026 School Nutrition Budget. Amendment 1 is pending approval by the Board of Education on January 13, 2026.

Initial Budget	14,463,962.14
Amendment 1	<u>600,000.00</u>
	15,063,962.14

This amendment does not affect the County's maintenance of effort.

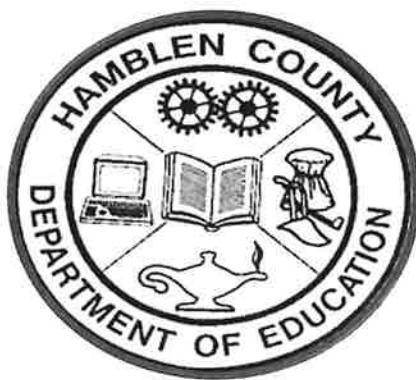

A handwritten signature in black ink that reads "Arnold W. Bunch, Jr." It is written in a cursive, flowing style.

**RE: INVOICES FOR LEGAL SERVICES RENDERED ON BEHALF
OF HAMBLEN COUNTY, TENNESSEE - DECEMBER, 2025**

Dear Chris:

Please find enclosed three (3) invoices representing legal services rendered on behalf of Hamblen County, Tennessee during the month of December, 2025.

As usual, one invoice covers our General/Miscellaneous File, and two (2) invoices cover separate county departments.

Please review these invoices, and if you have any questions, please do not hesitate to contact me.

With best regards, I remain,

Very truly yours,

Christopher P. Capps /alg

October 22, 2025

The regular meeting of the Morristown-Hamblen Emergency Medical Service Board of Directors was held at 12:00pm on **Wednesday, October 22, 2025**, in the north auditorium of the Rescue Squad Building.

Members present

Absent

Ralph Williams, Large Industry, Chairman Debbie A'Hearn, Hamblen Co. Comm

Jimmy Peoples, MERS, Treasurer Brack Terry, Small Business

Barry Jarnagin, HCSO

Felicia Lawson, Financial Representative

Sonya Johnson, MHHS

Clyde Short, MPD

Joseph Senter, City Counsel

Brian Shepard, MFD Chief

Ex Officio Members Present

Ex Officio Members Absent

Jeff Holt for Brandon Stanley, MERS Capt. Tim Meredith, Accountant

Jackie Livesay, Medical Director. Bobby Johnson, EMS Emp. Rep

EMS Management Staff

Danny Houseright, Director, M-H EMS

James Purkey, Deputy Director, MHEMS

Claude Thompson, Training/ Operation Coordinator, MHEMS

- I. Chairman Williams called the meeting to order.
- II. Chairman Williams called for any public comments.
 - a. Being none, Chairman Williams continued with the agenda at hand.
- III. Chairman Williams called for motion to accept the minutes from the last meeting.
 - a. Motion: Jimmy Peoples. Second: Brack Terry
 - i. Motion passed.
- IV. Chairman Williams recognized Brandon Stanley as the new MERS Captain.
- V. Chairman Williams recognized Chief Brian Shepard as the new representative for MFD
- VI. Chairman Williams advised that Member-at-Large David Purkey has resigned his position.
- VII. Chairman Williams also advised the BOD that the Member-at-Large position is appointed by the RS Captain.
- VIII. Chairman Williams called for the Financial Report from Director Houseright in Mr. Meredith's absence.
 - a. Revenue is up due to timely filing, employee documentation and overall precise billing from EMS/MC.
 - b. Director Houseright meets with the billing agency once per month to take the statistics.
 - i. Chairman Williams called for a motion to accept the Financial Report
 1. Motion: Barry Jarnagin. Second Felicia Lawson
 2. Motion passed.
- IX. Chairman Williams called for the Rescue Squad Report from Captain Stanley
 - a. A mailout donation drive is underway.
 - i. So far, the campaign has been successful raising over \$7,000.00 from only one zip code of the county.
- X. Chairman Williams called for the EMS Director's Report from Director Houseright
 - a. A new telephone system has been installed in the RS and EMS areas.
 - b. MHEMS Workers Compensation insurance has incurred a tremendous increase due to the line of duty death of Captain Giles, the increase is 95%.

- c. Director Houseright has been in discussion with Styker to lock in pricing for the lifepak 35 heart monitor/defibrillators.
 - i. A total of nine will cost \$501,798.00. This rate will be locked in until purchase of the monitors in 2026.
 - 1. Motion for locking in the price for future purchase: Brack Terry, Second: Clyde Short
 - a. Motion passed.
- d. Alicia Marsh, a long-time employee was involved in an off-duty incident regarding financial misappropriation allegation. She was arrested and charged, however, has not been to court as of this time. Legal council has suggested that she will not be found guilty. Mr. Terry gave his opinion of the case and feels that no legal action will apply, and she should be allowed to return to work.

XI. Chairman Williams asked for any new business.

- a. The office manager has requested that any large purchases be done online to avoid any type of fraud.
 - i. After much discussion it was decide that if an online option is available for any type of purchase that it should be use.
 - 1. Motion: Brack Terry, Second: Sonya Johnson
 - 2. Motion passed.

XII. With no further business, Chairman Williams closed the meeting.

MEMO

TO: Trish Bowman
FROM: Sheriff Chad Mullins *CM*
DATE: December 19, 2025
RE: Request to Surplus a Vehicle

Will you please include this request to surplus the following vehicle to the County Commission's agenda for January 12, 2026?

2015 Dodge Charger
VIN 2C3CDXAG5FH748626

The reason for the request is due to the vehicle's excessive mileage and costly engine issues.

Rhonda Overholt has been given photos of the vehicle and a completed inspection form.

Thank you for your attention to this request.

NARRATIVE INFORMATION --- VISUAL INSPECTION

- A. Field Inspectors: The assessor's office will utilize trained, competent field personnel to measure and list all types of improvements in the field. Assistance may be requested from the Division of Property Assessments (DPA) upon encountering any special or unique improvements where additional expertise is needed.
- B. Training Recommended: The assessor's office will participate in DPA, CTAS, and/or TnAAO seminars, workshops, and courses relating to current procedures and valuation of properties.
- C. Quarterly Progress Reports: The assessor's office will provide a quarterly progress report to the DPA that accurately documents progress achieved during the reporting period. This report will show the number of parcels reviewed, current data entry status, and a listing of the maps that have been reviewed.
- D. Accuracy of All Attributes: Both land and improvements will be reviewed on every parcel during the review phase for accuracy and completeness. This includes the physical attributes of the land, such as topography, and the tree lines that may have changed since the last inspection cycle.
- E. Changes to Parcels: Any new structures, additions, and remodeling will be keyed in the current file to maintain fairness and equity among all property owners. Changes held until reappraisal or future years, if any, will be nominal in nature. Review will be considered complete when changes have been entered into the IMPACT system.
- F. Geographic Areas Assigned: Annual visual inspection of parcels are defined for each year in this report. The inspection of all rural, urban, commercial and exempt properties will be completed by the end of the cycle explained within this report.
- G. Map Maintenance Schedule and Explanations: Map maintenance will be worked on a daily basis, with the IMPACT file being current at all times. Sales verification procedures will comply with procedures outlined in current publications of the DPA.

- H. Use of Aerial Photography for Review: Maps may be reviewed using a combination of on-site inspection and aerial photography and/or obliques imagery for all attributes of the parcels, provided that the outcome will result in accurate assessments. On-site field review will be utilized when accurate information cannot be ascertained from the aerial and/or oblique imagery.
- I. Quality Assurance Efforts Planned: Quality of work for visual review and data entry will be maintained by the assessor. All field review work and data entry will be subjected to quality control measures by a staff member in the office who did not complete the initial work. Additionally, assessment summaries and other tools within the IMPACT system will be reviewed on a regular basis to identify and irregularities in value which may indicate significant errors.

Narrative Information – Indexing/CVU Year 2

- A. Personnel Needs: The assessor's office will ensure that staff is adequate in quantity and training will be available to perform the functions necessary to complete a timely and acceptable indexing/CVU in Year 2. Where additional expertise is needed, the assessor's office may request assistance from the DPA while understanding that existing DPA workload may limit amount of resources available during this period.
- B. Neighborhood Codes: Neighborhood codes will be checked for consistency and delineated in a manner that is reasonable for mass appraisal purposes. Neighborhoods will be delineated so that properties within similar market areas are grouped together. Those market areas will have similar location, amenities, and design characteristics.
- C. Sales File Entry and Verification: Sales data will be entered into the IMPACT system within 7 days of being recorded in the Register of Deeds Office to ensure the most relevant, accurate information is available for revaluation. The following day after entry of sales data, the GIS Coordinator will review and verify that the data was entered correctly and accurately, allowing a fresh review from a personnel member.
- D. Use of Internet Sites: The assessor's office Chief Deputy will research each recorded sale on internet sites (Homes.com, Zillow.com, Realtor.com and etc.) to verify that all information regarding the sale is reflected on the property card. Examples would be: finished or unfinished basements, remodeling upgrades, recent additions and etc. If discrepancies are found, the Chief Deputy will enter the correct information into the IMPACT system.
- E. Use of Aerial Photographs/Oblique Imagery: Aerial photography and/or oblique imagery will be utilized to review and update IMPACT system.
- F. Use of MAARS Program: Assessor's personnel will use the MAARS program at the beginning of each month to review the previous month's sales data. Emphasis will be focused on neighborhood codes and subdivision sales. All sales outside the norm will be researched and corrected if needed in the IMPACT system.

G. Assistance of Division of Property Assessments: Technical support will be requested regarding MAARS support and advice. The DPA support will be needed in developing the indexing/CVU adjustment final calculations.

NARRATIVE INFORMATION – REVALUATION YEAR

- A. Personnel Needs: The assessor's office will ensure that staff adequate in quantity and training will be available to perform the functions necessary to complete a timely and acceptable revaluation program. Where additional expertise is needed, the assessor's office may request assistance from the DPA while understanding the existing DPA workload may limit the amount of resources available during the revaluation year. It is further understood that DPA assistance will generally be prioritized first for 6 and 5 year reappraisal cycle counties and lastly for 4 year reappraisal cycle counties.
- B. Office Space and Equipment Needs: Adequate office supplies and necessary equipment for the assessor's office will be planned and budgeted for so that a timely and acceptable revaluation program can be completed.
- C. Use of Aerial Photographs/Oblique Imagery: Aerial photography and/or oblique imagery will be utilized to review and update location, access, land grades, improvements, tree lines, acreage, etc. Additional tools that integrate IMPACT data into geographic information systems will also be used to evaluate and update the consistency of improvement types, land tables, NBHD codes, etc.
- D. Assistance of Division of Property Assessments: Technical support in developing base rates (base house, commercial improvement types, etc.), OBY rates, small tract valuation tables, market and use farm schedules, and commercial and industrial property valuation may be requested from the DPA while understanding the constraints as mentioned in section A above.
- E. Development of Sales File: Sales data will be entered into the IMPACT system in a timely manner to ensure the most relevant, accurate information is available for revaluation purposes. It is understood and acknowledged that ninety (90) days from the date of recording should be considered the maximum amount of time for sales data entry. The assessor's office will make reasonable efforts to minimize the number of days that elapse between the recording of deeds and sales data entry during the revaluation year.

F. Neighborhood Codes: Neighborhood codes will be checked for consistency and delineated in a manner that is reasonable for mass appraisal purposes.

G. Improvement Valuation:

1. Base Rate Development: Residential improvement values (base house) will be based on the most current market derived data available. Commercial rates will be derived from Marshall & Swift Valuation Service and adjusted for the local market.
2. Out Buildings and Yard Items: OBY costs and depreciation tables will be derived from Marshall & Swift valuation service. If the local market dictates a deviation from the published cost data, sufficient evidence will be collected and maintained to support such a deviation.
3. Collection & Use of Income & Expense Information: Questionnaires will be sent to selected income producing properties during the revaluation year for use in property valuation and appeals.
4. Quality Assurance Efforts: The quality of work completed by field personnel and data entry staff will be reviewed and monitored on a regular basis by the assessor or senior staff. In addition, assessment summaries will be monitored for any irregularities.

H. Land Valuation:

1. Rural Land & Use Value: Market value schedules with any necessary size and location adjustments will be developed by the assessor with DPA assistance as needed. Use value schedules will be developed by the DPA pursuant to current state law.
2. Unit of Measure Tables: UM tables will be used to value residential land from 0 to 14.99 acres (small tracts). DPA assistance may be requested.
3. Commercial & Industrial: Commercial/industrial land, whether urban or rural, will be reviewed and revalued according to current market data. DPA assistance may be requested.
4. Quality Control: The assessor will conduct quality control at all times with a review of randomly selected parcels. Statistical analysis will be utilized to identify outliers and to ensure standard statistical measures are achieved.

I. Mineral and/or Leaseholds: Applicable questionnaires will be mailed to identified properties in the revaluation year by the assessor's office. DPA assistance in the valuation of leaseholds or mineral interests may be requested.

- J. Valuation Analysis: Statistical analysis will be performed by the DPA to ensure final statistics fall within acceptable standards in all categories of properties. Final value correlation will consider all approaches to value with the most applicable being utilized in each instance where sufficient data exists.
- K. Mapping and Ownership: Mapping and ownership information will be kept as current as reasonable possible during the revaluation year understanding the importance of timely information during revaluation.
- L. New Construction: New improvements and/or remodeling will be kept as current as reasonably possible during the revaluation year with emphasis on (including, but not limited to): effective year built (EYB) or condition, proration, and accurate OBY data.
- M. Final Value Meeting: A final value meeting between the assessor's office and the DPA will address all aspects of revaluation. The final analysis will be based upon standard statistical measures of performance. It is understood and acknowledged that the DPA must approve the final product of the revaluation effort.
- N. Hearings (Formal and Informal): The assessor's staff will be responsible for informal hearings, and it is understood and acknowledged that DPA assistance for informal hearings cannot be guaranteed. Assistance with formal hearings may be requested from the DPA by submitting such requests on a parcel by parcel basis directly to the DPA assistant director for field operations.

Is your county currently on the IMPACT system? Yes No

Do you plan to change to another system? Yes No

If so, list the name and the date: _____

ATTACHED RESOLUTION FOR 4 YEAR CYCLE: YES NO _____

DATE SUBMITTED TO STATE BOARD OF EQUALIZATION: _____

**RESOLUTION AUTHORIZING
A CONTINUOUS FOUR (4) YEAR REAPPRAISAL CYCLE**

WHEREAS, Tennessee Code Annotated Section 67-5-1601 establishes a general six (6) year reappraisal for updating and equalizing property values for every county in Tennessee for property tax purposes, and

WHEREAS, a six (6) year reappraisal program consists of an on-site review of each parcel of real property over a five-year period followed by revaluation of all such property in the year following completion of the review period and includes a current value updating during the third year of the review cycle and sales ratio studies during the second and fifth years of the review cycle, and

WHEREAS, Tenn. Code Annotated 67-5-1601 provides that upon the submission of a plan by the assessor and upon the adoption by the State Board of Equalization, the reappraisal program may be completed by a continuous four (4) year cycle comprised of an on-site review of each real property over a three (3) year period followed by revaluation of all such property in the year following completion of the review period, and

WHEREAS, the county legislative body of HAMBLEN County understands that by approving such a four (4) year reappraisal cycle, the plan shall be implemented with indexing in year two of the proposed plan as established by the State Board of Equalization;

NOW, THEREFORE, BE IT RESOLVED by the county legislative body of HAMBLEN County, meeting in _____ session on this the _____ day of _____, _____, that:

PURSUANT to Tennessee Code Annotated Section 67-5-1601, as amended by Chapter 318 of the 1997 Public Acts, reappraisal shall be accomplished in HAMBLEN County by a continuous four (4) year cycle beginning July 1, 2025, comprised of an on-site review of each parcel of real property over a three (3) year period followed by revaluation of all such property for tax year 2029.

Adopted this _____ day of _____, _____.

APPROVED:

County Mayor

ATTEST:

County Clerk

MEMORANDUM OF UNDERSTANDING

between

HAMBLEN County and The Division of Property Assessments

DATE: _____

TO: J. KEITH ELY, Assessor of Property

CHRIS CUTSHAW, County Mayor

RE: HAMBLEN County 4 Year Reappraisal Program

FROM: State of Tennessee
Division of Property Assessments
Macy Brower, CAE, Director

The purpose of this Memorandum of Understanding is to clarify the areas of responsibility for all parties involved in the reappraisal of HAMBLEN County. It is intended to express the requirements needed to successfully complete reappraisal and to define the extent of involvement expected of the State of Tennessee, Division of Property Assessments. A reappraisal program is defined as the updating of all values in the county by analyzing current information and establishing new tables, models, schedules, rates and depreciation.

TCA 67-5-1601 provides for Assessors of Property to have the option to reappraise either on a 6-year cycle with an update of values in the third year or to reappraise on a 4 or 5 year cycle with no updates. TCA 67-5-1601 (d) requires the Division of Property Assessments to provide technical assistance to counties during the year of reappraisal. The resources available to the Division of Property Assessments enables them to provide technical assistance to counties during the reappraisal year, however, the amount of division involvement will be determined by the workload resulting from all counties that are scheduled for reappraisal during each year.

The amount of Division of Property Assessments involvement must be determined and clearly understood prior to the county producing a plan for reappraisal. The Assessor of Property will prepare a Plan for Reappraisal that accomplishes reappraisal in accordance

with standards and procedures prescribed by the Division of Property Assessments. The Plan for Reappraisal must include all specific items identified in this Memorandum of Understanding.

I. County Responsibility

(These items will be the county's responsibility unless specifically identified as being performed by the Division of Property Assessments.) The Assessor of Property will be responsible for ensuring that all phases of the reappraisal program are conducted in accordance with Division of Property Assessment's policies and procedures relating to **property valuation, sales verification, appeal defense and statistical standards**. The county must **resolve data quality reports, provide accurate property characteristics, provide adequate data entry, demonstrate its ability to organize and manage a program, provide adequate staffing and provide financial support**. The following is an overview of the process and can be used in conjunction with manuals developed by the Division of Property Assessments. The manuals should be used for more specific information on each of the topics identified.

A. Property Valuation: All types of property will be valued following standard procedures.

1. Residential - Residential properties will be valued by determining the proper base rate for each residential improvement type in the jurisdiction. The base rates will be developed using sale properties with recently constructed improvements whenever possible to reduce the difficulties of estimating depreciation and to increase the accuracy of the land values. The base rate analysis will consider the new depreciation that will automatically be calculated when the year of reappraisal changes. The Assessor of Property shall retain all base rate analyses for appeal purposes. Appropriate depreciation and/or effective age will be used to adjust groups of parcels identified as having unique market consideration. When additional depreciation or effective age changes are used to adjust values, market analysis must be retained to support the adjustments. Individual property characteristics will not be improperly altered to effect acceptable analysis results. Extra Features and Special Buildings will be valued using standard abbreviations and updated cost tables. The cost tables will be developed from the local market when possible, and the Assessor of Property will retain all necessary supporting documentation for review and appeal purposes. Residential land will be valued using accepted appraisal practices and available computer techniques. All residential market area delineation codes will be reviewed to determine

their accuracy, and the necessary action will be taken to correct any changes indicated by the market since the last reappraisal program.

2. Rural Land - Rural land will be valued using standard rural land valuation procedures. Rural sales will be located and verified to determine if they meet the requirements of a valid transaction. All rural sales will be reviewed by the Assessor of Property or a staff member with either the buyer, seller or agent to determine the conditions of the sale and if any adjustments are needed. A rural land sales verification form will be completed on all rural sales. These forms will be separated into Qualified and Disqualified sales and maintained in the Assessor of Property's office for review and use in appeals. All rural land will be valued using the rural land tables. Appropriate sales analysis must be conducted to produce a rural land schedule and also to determine all factors affecting value. Areas of the county that cannot be valued using the base rural land schedule will be valued using the rural land schedule adjusted to the appropriate level of value. Land grade maps will be used to determine the appropriate land grade for each parcel. The land grade maps, if not already available, will be constructed by using all available SCS soil survey information. All maps will be updated to reflect the most current base features such as wooded areas and areas that have been cleared since the last reappraisal program. It is appropriate to use home sites on all rural tracts where a home site exists. The Rural Land Procedures Manual published by the Division of Property Assessments will be followed in the valuation of all rural land. All rural market area delineation codes will be reviewed to insure they conform to current market conditions.

3. Commercial/Industrial Property - All commercial and industrial property shall be valued using standard valuation procedures. The listing of commercial and industrial properties will be reviewed for accuracy. All commercial property will be reviewed to determine if valuation by the income approach is the most appropriate method. In these instances, it will be necessary to gather sufficient income and expense data to calculate an indication of value by the income approach. All the completed income and expense forms will be retained for review and appeal purposes. All income data must be analyzed by making comparisons with like properties such as comparing offices to offices, warehouses to warehouses, and restaurants to restaurants. All commercial sales will be verified to determine if any special circumstances such as personal property or unusual financing are included. Commercial and industrial base rates will be developed for each type of commercial and industrial improvement in the jurisdiction. This is typically accomplished using a combination of local information and a professional cost service. All industrial

properties shall be revalued using the most appropriate method, typically the cost approach. All commercial and industrial land will be revalued using the most appropriate method such as front foot price, square foot price or unit, and all pertinent information such as zoning will be indicated on the land valuation maps. All analyses and sales information used to determine the commercial and industrial land values will be retained by the Assessor of Property for review and appeal purposes. All commercial and industrial market area delineation codes will be verified to determine if they need to be revised due to changes in the market. All commercial and industrial property will be valued following the Commercial and Industrial Valuation Manual prepared by the Division of Property Assessments.

4. Small Tracts - Land that does not qualify as a farm and is not part of an organized development is considered a small tract. It is typically valued as an individual unit and priced per unit or per acre. A total countywide small tract analysis must be accomplished in order to determine reasonable values. After the analysis has been accomplished and a pricing guide developed, the existing small tracts are to be reviewed to determine consistency. After making any needed adjustments to improve consistency, the small tracts will be revalued using accepted appraisal practices and any appropriate computer techniques. The Assessor of Property should maintain all analyses and sales information used in the valuation of small tracts for review and appeal purposes. All market area delineation codes that have an effect on the valuation of small tracts will be reviewed to determine accuracy, and any adjustments needed will be made.

5. Unique Properties - Usually, unique properties will exist in a county that will require special treatment. These can be lake properties, mobile homes, large industrial complexes, mineral interest, leasehold interest, etc. The Plan for Reappraisal will address these properties and explain how they will be valued.

B. Sales Verification: A major element in the success of a reappraisal program is the completeness and accuracy of the sales file. The Division of Property Assessments has published the Property Assessor's Procedures for Sales Data Collection and Verification. These procedures will be followed to ensure the desired accuracy. Any attempt to influence the results of the analysis by inaccurate sales verification must be avoided. The quality of the analysis depends on the accuracy of the sales file and every effort should be made to ensure this accuracy. The Assessor of Property will maintain sufficient records on the verification of sales for review and appeal purposes.

C. Appeal Defense: Any reappraisal program must have the necessary data and information to defend the appraisals. The Assessor of Property and staff must have the ability to present the value-supporting data in a manner that provides the property owners and appeal boards with the information necessary to understand how and why the value conclusions were determined. The Assessor of Property and staff will resist making unnecessary changes just to satisfy the property owner when the appraisal is correct. All elements of the valuation process must consider the appeal process. An effort must be made to maintain sufficient data to defend the values, and this data includes the following: Base Rate Analysis; Sales Analysis; Cost Information; Land Valuation Information; Adjustments to Sales; Income and Expense Information; and any other information that will be useful in the appeal process.

D. Statistical Standards for Reappraisal: The Division of Property Assessments has developed statistical standards for evaluating the results of reappraisal programs. The reappraisal program should be completed with these standards as the goal. Failure to meet these standards provides indications that the reappraisal program may be flawed and unacceptable. The standards apply to property by its statutory classification such as residential, commercial, industrial and farm. Within each classification, properties may be further stratified based on a detailed analysis of the information available. The data used to produce the analysis must be accurate and uninfluenced by personal desires to attain a certain goal. The discovery of inaccurate data that has an influence on the results of the statistical analysis will be considered in the overall evaluation of the program. If the results of the statistical analysis fail to meet the standards, said results will be reported to the State Board of Equalization for appropriate action.

E. Data Quality Reports: The Data Quality Reports include edits that enable the assessor to identify data problems. Since the success of a reappraisal program is determined by the accuracy of the data, each county must resolve all errors found on the Data Quality Reports. Typically, this information is produced from the Assessor of Property's computer file and analyzed locally. The ability to produce this information locally requires certain computer skills. Counties not on the State's Computer Assisted Appraisal System will develop similar capabilities and produce and use these types of reports to resolve all erroneous data.

F. Data Entry: A reappraisal increases the amount of data entry because of changes and adjustments to the file, especially where extensive field reviews are required. Any plan for

reappraisal must consider this additional data entry workload, identify detailed expected production levels, produce a completion schedule and provide for terminals and sufficiently trained personnel.

G. Organization and Management: The completion of a successful reappraisal program is dependent upon the ability of the Assessor of Property to organize the work activities and to manage the employees.

1. The initial indication of the Assessor of Property's ability is the Plan for Reappraisal. If the Assessor of Property can properly complete a Plan for Reappraisal that considers all aspects of the program, it is likely the Assessor has the necessary organization skills. In addition to the normal items of real property associated with reappraisal, the Assessor of Property's plan shall include a program of discovery, data collection, analysis and valuation for any assessable leasehold or mineral properties in the county. The Plan for Reappraisal shall include a detailed schedule showing the beginning and ending dates of each phase of the program, the personnel responsible for each phase and the man months necessary for the completion of each phase. The Plan for Reappraisal will contain a plan for notifying property owners of the new assessed values and providing them the opportunity to appeal such values.
2. The Assessor of Property will also need to consider the normal maintenance that is the daily occurrence in the assessor's office. New construction continues, deeds are recorded and the public continues to make inquiries. This work must proceed and the organization of the Assessor of Property's office must consider these items as well as the reappraisal. The plan for reappraisal must include a section on maintenance that provides specific information such as a completion schedule for all map and ownership maintenance and a completion schedule for collecting data and valuing all new construction. This information must also include the specific names of the employees that will perform these tasks.
3. After the Assessor of Property has properly organized the office and planned for all aspects of reappraisal while continuing to perform normal maintenance, the Assessor must manage the staff and resources. The management includes making personnel assignments and determining which phase of the program should be completed next, as well as overseeing and supervising the quality and quantity of the work being performed.

The Assessor of Property will develop and maintain production reports and quality control reports to ensure that the program is completed accurately and on time.

H. Staffing: The Plan for Reappraisal shall contain a staffing plan that provides for adequate reappraisal staff, sufficient review and clerical staff to accomplish the necessary work with regard to the on-site review. The Plan for Reappraisal must be specific in identifying the personnel necessary for each phase of the reappraisal as well as all other phases of the normal maintenance work accomplished by the Assessor of Property's office.

1. The Assessor of Property shall assume the responsibilities and duties of the reappraisal manager or employ a qualified reappraisal manager having previous experience in directly related programs. The qualifications of the reappraisal manager shall be included in the Plan for Reappraisal and submitted to the Division of Property Assessments for approval.
2. The Plan for Reappraisal shall include the training and experience levels of all employees that will be involved in the reappraisal program. The qualifications of the employees will be determined by the courses and seminars they have attended as well as the amount of their reappraisal experience.

I. Approval for 4-Year and 5-Year Cycles: The Assessor of Property in any county that plans a 4 or 5-year reappraisal program must have approval by resolution from the county legislative body. The Plan for Reappraisal prepared by the Assessor of Property must be submitted for review to the county executive and the county legislative body. The county legislative body must provide the funding to accomplish the reappraisal program as outlined in the Plan for Reappraisal. It shall also be understood that reappraisal on a 4 or 5-year cycle does not entitle the county to any additional state funds beyond those determined for a 6-year reappraisal cycle.

II. State Division of Property Assessments' Responsibility:

TCA 67-5-1601 (d)(1)(B)(3) provides that all work (accomplished by the Assessor of Property) is subject to the supervision and approval of the director of the Division of Property Assessments. The Division of Property Assessments is required to supervise and direct all reappraisal and revaluation programs. The Division of Property Assessment's statutory responsibility is to (1) provide technical assistance and (2) ensure the accuracy of the reappraisal program. All counties conducting reappraisal programs accept the condition of limited involvement from the

Division of Property Assessments and also agree to maintain records and provide sufficient data and reports to enable the Division of Property Assessments to evaluate the quality of the reappraisal program.

A. Technical Assistance: Technical assistance is provided to a county by experienced staff members of the Division of Property Assessments. The technical assistance to be provided by the Division of Property Assessments will be determined considering available resources and existing workload of county reappraisal programs scheduled during each year.

TECHNICAL ASSISTANCE TO THE ASSESSOR MAY INVOLVE THE FOLLOWING ACTIVITIES:

- Residential Base Rate Development
- Residential Analysis (V & I)
- EFSB Cost Tables Development
- Rural Land Schedule Development
- Home-Site Analysis
- Commercial & Industrial Base Rate Development
- Income & Expense Analysis
- Commercial Market Analysis
- Unique Industrial Properties Appraisal
- Small Tract Sales Analysis
- Small Tract Pricing Guide Development
- Sales Adjustments Determination
- Sales Verification Instruction
- Unique Properties Appeal Preparation
- Data Preparation for Appeals Defense
- Overall Statistical Results Review
- Data Quality Reports Production
- Assessable Mineral Interest Valuation
- Assessable Leasehold Interest Valuation
- On-The-Job Training for Assessor's Staff
- Market Area Delineation Codes Review

B. Modification of Responsibility

Due to level of expertise, number of staff members and resources available to the Assessor of Property, there may be a need to modify areas of responsibility in the Memorandum of Understanding. The purpose of the modification of responsibility is to provide latitude between the assessor and the division regarding the identified areas of responsibility. The following are specific modifications to this agreement that will be mutually beneficial for both parties and allow for better utilization of resources during the revaluation program:

III. Accuracy of Program

The Assessor will prepare a Final Value Report that will give an overview of the reappraisal program and support the value indications. The accuracy of the reappraisal program shall be determined by a review of the supporting documentation for the following: base rate development; land valuation; the application of market adjustments; the market area delineation codes analysis; rural land sales analysis; small tract analysis; the identification and valuation of unique properties; the completeness of the sales file; the quality of records developed for appeal defense; the results of the statistical analysis; the resolution of the data quality reports; and the property characteristic data.

IV. Computer Appraisal System

In the event the assessor of property chooses to change the current computer appraisal system, information regarding the new system and a detailed plan of implementation must be included with the reappraisal plan for approval by the State Board of Equalization.

V. Failure to Comply

It is the expressed intent of this Memorandum of Understanding to provide the County and the Division of Property Assessments with a clear understanding of the responsibility of each party in regard to the completion of the next reappraisal program. It is the intent of the Division of Property Assessments to take whatever action necessary to ensure the accurate and timely completion of the reappraisal program. Failure on the part of the county on any of the items agreed to herein shall result in the reporting of said failure to the State Board of Equalization for appropriate action.

It is with full understanding that we accept the conditions identified in this Memorandum of Understanding and accept responsibility to accomplish all items identified herein. We recognize that failure on the part of the county legislative body or the Assessor of Property to complete the agreed to requirements will result in the action identified herein.

Chris Cutshaw, Mayor
Hamblen County Government
511 West Second North Street
Administrative Building, 1st floor
Morristown, TN 37814

Dear Mayor Cutshaw:

I am submitting the following nominee on behalf of the Hamblen County Library Board of Trustees for your consideration of Board representatives beginning immediately:

Mike Richardson, 2991 Boatman's Mountain Road, Morristown, TN 37814 to replace resigning board member, **Stan Harville , 1125 Springvale Road, Morristown, TN 37813**. Mike will fill the unexpired term of Harville through June 30, 2026, and his first full term as County representative will begin July 1, 2026.

Sincerely,

Shelly Shropshire,
Director

SETTLEMENT AGREEMENT WITH ORDER OF DISMISSAL

This Settlement Agreement ("Settlement Agreement") is entered into by and between the following: Edna Greene, as a taxpayer for the benefit of Hamblen County and as a qui tam Plaintiff for and on behalf of Hamblen County, Tennessee ("Greene"); Defendant Christopher Capps ("Capps") in his official and personal capacity; Hamblen County, Tennessee, a political subdivision of the State of Tennessee; and Hanover Insurance Company ("Hanover").

WHEREAS, Greene brought suit under the caption "Hamblen County, Tennessee, on the relation of Edna Greene, *qui tam*, and as Taxpayer v. Christopher Capps, in his individual capacity and in his official capacity," in the Circuit Court for Hamblen County, Tennessee, case number 18-CV-162 (the "Litigation" or "Lawsuit"), for violation of a 1949 Private Act; and

WHEREAS, Hanover insures Defendant Christopher Capps and has been paying fees, costs, and expenses in connection with the Litigation; and

WHEREAS, Greene is seeking in the litigation to recover funds for Hamblen County as well attorney fees and costs that she has incurred and that Hamblen County has incurred; and

WHEREAS, all parties have agreed to resolve this Lawsuit with a settlement payment as further described in this Agreement followed by a dismissal of the Lawsuit, with prejudice;

NOW, THEREFORE, the parties, by their signatures below, agree to the following:

1. Hanover will issue a check to Hamblen County for \$14,900.00 which sum represents the amount of funds recovered by Greene for the benefit of Hamblen County (\$14,000.00) and the amount (\$900.00) paid out by Hamblen County to counsel Arthur Knight for his representation of Capps/Hamblen County.

2. Hanover will issue a check in the amount of \$6,412.90 to Greene which is to be applied by her for reimbursement of attorney fees and costs that she has incurred in this litigation.

3. Upon delivery of the above payments to the above-named parties, Greene will dismiss the original Lawsuit (18-CV-162) with prejudice.

4. Hanover will be responsible for all court costs included in the Court's bill of costs which amount will then be refunded to Greene by the court clerk.

5. The parties to this settlement acknowledge that this Agreement is a settlement and compromise of disputed claims between them and that this Settlement Agreement is not an admission of liability or responsibility by any party to this Lawsuit.

 Hamblen County Legislative Body OpenMeeting[®] TECHNOLOGIES

To: Hamblen County Commission
From: Chris Cutshaw *GC*
Date: December 18, 2025
Re: JBI Renewal Agreement for SCAAP Grant

Hamblen county Government contracts with Justice Benefits, Inc. (JBI) to assist in application and management of the SCAAP grant. The SCAAP grant is federal funding assistance for incarcerating undocumented criminal aliens. We signed the initial contract in 2013 and renew the contract with JBI every three years. The current contract expires in 2025.

I am asking permission to renew the agreement with JBI for an additional three years.

Chris Cutshaw, County Mayor
511 West Second North Street • Morristown, TN 37814 • office. 423.586.1931 • fax. 423.585.4699

RENEWAL AND EXTENSION AGREEMENT FOR PROFESSIONAL SERVICES

between
Justice Benefits, Incorporated
and
Hamblen County, TN

This Renewal and Extension Agreement is entered into by and between Hamblen County, TN (hereinafter referred to as the "County") and Justice Benefits, Inc. as the general partner of JBI, LTD, a Texas limited partnership (hereinafter, collectively referred to as "JBI" or "Contractor"), located at 1711 E. Beltline Road, Coppell, Texas 75019.

WITNESSETH

WHEREAS, JBI is assisting the County to obtain reimbursements through Federal Financial Participation (hereinafter "FFP"); and

WHEREAS, the parties desire to renew and extend the Agreement for Professional Services dated April 1, 2013 (the "Agreement"), so JBI will continue to provide professional assistance to County exploring opportunities for FFP, reviewing prospects for expansion of existing FFP, and securing FFP for the County;

NOW, THEREFORE, the County and JBI agree as follows.

RENEWAL AND EXTENSION

1. The Agreement, including all its terms, conditions and provisions, is incorporated herein fully by reference as if copied verbatim into this paragraph.
2. Under this agreement extension, the County will pay JBI fifteen percent (15%) of all State Criminal Alien Assistance monies received by the County for the filing years of 2026, 2027 and 2028.
3. The Agreement is hereby renewed and extended for an additional period of three (3) years.

MISCELLANEOUS

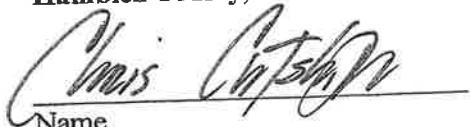

To the extent that the terms of this Renewal and Extension Agreement are in conflict with the original terms of the Agreement, the terms of the original Agreement shall control except in case of dispute as to the length of the term of the Agreement in which instance these agreements shall be interpreted to renew, extend and continue the professional services contract between the undersigned parties for the longer period of time.

IN WITNESS WHEREOF, the undersigned parties have executed this Renewal and Extension Agreement as of the date written below.

EXECUTED THIS 19 DAY OF December, 2025

RE: Recommendation of Award
Hamblen County Stormwater Projects
TDEC ARP #2022-8540

Dear Mr. Cutshaw:

Bids for the subject project were received at the Hamblen County Courthouse on November 18, 2025 at 2:00pm and were publicly opened. As shown below, a total of two (2) bids were received, opened, and read aloud for the project. A Certified Bid Tabulation of all bids is attached for your review. The bids can be summarized as follows:

Bidder	Base Bid	Base Bid Days	Add. Alternate Bid	Add. Alt. Days
Complete Construction Management, LLC	\$ 492,000.00	90	\$ 95,000.00	30
Wilamut Construction Company, LLC	\$ 589,680.92	105	\$ 69,573.73	20

The low base bid, plus additive alternate bid, for the project was submitted by Complete Construction Management, LLC of Morristown, Tennessee. They provided all of the necessary bid documentation in their bidding documents, are licensed to perform the scope of work, and have a positive reputation for their services. **As such, we recommend that the Base Bid and Additive Alternate Bid contract be awarded to Complete Construction Management, LLC. in the amount of \$587,000.00.**

Attached to this letter is the Certified Bid Tabulation, copies of the Bid Sign-in sheet, and submitted bids for your review. Should you have any questions or need any additional information, please contact me at your convenience.

Sincerely,

JOHN "JAKE" GREEAR, P.E.
Owner

Hamblen County Government

Cyber Security Policy

Established On:

December 18, 2025

Update/Revision History:

Date:	Version:	By:	Revision:
18 December 2025	1.0	Jeffrey Atkins	Original document adopted by HCLB

Purpose

The purpose of this Cybersecurity Policy is to safeguard county-owned computer systems, networks, and data against unauthorized access, misuse, and cyber threats; ensure continuity of operations; and protection of sensitive information.

Scope

This policy applies to:

- All county-owned devices (PC's, servers, tablets, mobile phones)
- Phone systems
- Wired and wireless data networks, and associated devices
- Email platforms, cloud resources, and IoT systems

In case of conflicts, departmental needs will prevail.

Protection Measures

Operating System Protection

- Vendor-released updates and security patches will be applied within 14 days of release.
- Antivirus and EDR solutions will be deployed on all endpoints.
- Disable unnecessary services, enforce strong password policies and enable disk encryption.
- Implement least privilege access and require multi-factor authentication for administrative accounts.

Network Protection

- Wi-Fi networks must be encrypted, and access restricted to authorized users only.
- Default passwords must be changed on any routers, switches, or other devices.
- Guest networks are segregated from internal networks, and bandwidth may be limited.
- IoT networks should be isolated from core infrastructure.
- Data networks are protected by firewalls and VLAN segmentation.
- VPN is required for all remote connections.

Data Protection

- Critical data is regularly backed up according to the county's backup policy, incorporated herein by reference.
- Monitoring tools are in use to prevent unauthorized data transfers.

Response Procedures

In the event of a cyber-incident, users should immediately disconnect affected devices from the network by unplugging the network cable and/or turning off Wi-Fi, turn off the affected devices, and then call IT.

The IT department will attempt to determine the extent, if any, of the incident, and mitigate the effects. As necessary, IT will engage with the county's cyber insurance provider and local, state, and federal law enforcement agencies for assistance. IT will preserve logs and other evidence for forensic analysis.

Recovery

Following a cyber incident, critical systems should be restored to operation within 24-48 hours. If necessary, backup systems or cloud failover can be used for temporary operations. IT will conduct a post-incident review with partners and stakeholders and update policies accordingly.

BULK WASTE

Motion by Tim Horner, seconded by Debbie A'Hearn to approve Hamblen County Highway Department Household Refuse/Trash, Recycle and Bulk Waste Disposal Information.

Hamblen County Highway Department

Household Refuse/Trash, Recycle and Bulk Waste Disposal Information

In effort to work more efficiently and be a good steward of the taxpayer's monies, the Hamblen County Highway Department is converting our trash collection equipment to automated side loading garbage collection trucks. This conversion process will be over a period of time as budgets allow. As a result, we will be rerouting collection days countywide. New routes will be published, and all collection cans will be required to be at the roadside for pickup. Drivers will no longer be able to physically handle cans.

General Information/Schedule

Household garbage collection will occur on a weekly scheduled route for the residents of Hamblen County.

Recycle collection will occur once every two weeks and on a scheduled route. This route will be published annually.

Bulk waste and brush collection will occur on a continuous schedule; these trucks are on an East/West route and the schedule will vary based on the volume of bulk waste collected.

Holiday collection schedules will be published in the local newspaper, on the county's website and social media.

All collection containers shall be in place at a county roadway no later than 6:00am on the scheduled pick-up day.

Household Refuse/Trash Storage and Collection Policy

The mechanically operated refuse collection equipment of the county (automated side loaders) is equipped to work only with county supplied containers. The county supplied cans shall be used by all residences where trash is collected.

Collection containers shall be in place at the county roadway no later than 6:00am on the scheduled pick-up day and removed the same day.

With the use of automated side loading equipment, placement of the can is critical. Leave at least 4 feet between your cart and other obstructions. Cans shall be placed with the handle facing the house. Can should be placed at edge of curb, in driveway, or within 2 feet of the edge of the roadway.

No garbage/refuse will be collected that is not in a can and within reach of the automated loader. Do not overfill the can. Lid should be able to close. No garbage sitting next to can will be collected. Each can shall not weigh more than 50 pounds when full.

One can (1) shall be furnished to the homeowner at no charge and that can is the property of the county. One additional can may be purchased (two cans max per residence) and those cans will be the property of the homeowner and will not be replaced/repaired without an additional charge.

Revised November 26, 2025

Mobile home parks must have a central location at the county roadway for pickup. Generally, one can per residence will be provided and those cans must be purchased by the park owner. Rental unit cans must be purchased by the landlord or occupant.

County supplied cans that are damaged through no fault of the county will not be replaced without a charge. The county is herein authorized to confiscate and/or remove unapproved storage containers from the premises of residences and establishments, both public and private, when at the discretion of the department, such containers are not suitable for the healthful and sanitary storage of refuse. Such unsatisfactory containers shall be removed and disposed of in a manner designated by the county only after the owners of such containers have been duly notified of such impending action.

Recycle Collection Policy

Recycle collection will occur once every two weeks on a designated scheduled route.

The county does not provide recycling cans. Recycle trash shall be placed in a Blue Recycle Can (purchased by owner) or trash bags clearly marked with a blue identification marker (blue bag) and set at the roadside for pickup on their scheduled route pickup day.

Cardboard should be broken down and placed in cans, tied up and placed out on the day of collection. No loose or wet cardboard will be accepted.

Brush/Bulk Waste Collection Policy

Do not place any brush or bulk waste in the roadway that will impede traffic, or in stormwater drainage ways. Be sure not to block access to sidewalks or other public infrastructure. Do not pile brush on public property like medians, islands, sidewalks, greenways, or other public property. Violations of the Storm Water Policy could lead to fines assessed to the homeowner.

The volume of brush/bulk waste set out by residents varies. Day-of Collection service confined our operations to a strict schedule and did not allow crews to work ahead on light brush weeks. As a result, we run a continuous schedule, and the trucks will run each road on an east/west route until they complete their scheduled pickups.

Use this simple checklist to ensure your brush/bulk waste is ready for collection:

- Bulk Waste is defined as discarded mattresses, furniture, bicycles, large outdoor toys, etc.
- Bulk waste is NOT bagged or loose trash, clothing or residential garbage. These items must be disposed of in the county waste container or taken to the landfill.
- All hazardous waste such as paint, lightbulbs, oils, solvents etc. will not be picked up as bulk waste. It must be disposed of properly by taking it to a hazardous waste collection area.
- Used tires of any kind will not be collected by the Hamblen County Garbage Department. They must be taken to the landfill.

Revised November 26, 2025

- Renters, Landlords, or new home acquisitions are responsible for disposing of any materials left at the property.
- Place brush/bulk waste where equipment can reach without damaging your property (i.e. away from mailboxes, parked vehicles, utility poles/meters, landscaping, fences, etc.)
- The brush/bulk waste pile is required to be within 5 feet of the street front of property. We cannot operate outside of the right-of-way.
- Brush/bulk waste piles should not exceed 6ft x 6ft x 6ft. Brush/bulk waste must be kept separate from trash and cannot include construction or demolition materials. No stumps or branches larger than 12 inches in diameter.
- No trees or branches from contractors providing tree services - those contractors should remove materials from the owner's property. Brush piles left by contractors will not be collected and will be flagged by Codes Enforcement.

Bulk Waste Enforcement Process

- Violations will be reported to Codes Enforcement by the public, sanitation crews and/or law enforcement. Please call (423) 585-2751, the Garbage Collection Hotline for Public Complaints
- Codes Enforcement will investigate the complaints, take photos and prepare written reports for the record.
- Codes Enforcement will issue a "Notice of Violation" letter to the property owner giving them 10 days to properly dispose of the waste.
- If a property owner fails to comply, Codes Enforcement will issue and serve a citation which includes a general sessions court date. Violations and penalties start the date that the citation is issued by codes enforcement officer or law enforcement. Penalties for violations start at \$50.00/day.
- Codes Enforcement will inform the property owner if the violation is corrected within 48 hours, the citation will be dismissed with the payment of court costs. If not corrected, the citations will proceed through the court system.
- The Hamblen County Attorney will represent the County in the General Sessions Court hearing.
