HAMBLEN COUNTY HIGHWAY DEPARTMENT

In 2005, the value of 413 miles of County roads was determined to be \$70,290,000.

Since 2005, the value of just base and asphalt has increased from \$60,000,000 to \$145,000,000 due to price increases.

We feel an urgency to update the surface of these 400 miles in order to avoid costly repair and preparation which is required before resurfacing can begin.

Therefore, we wanted to discuss funding for the improvement of a very valuable asset for the future. If we could prepare and resurface 20 miles of County roads per year they would be maintained properly.

Sheriff of Hamblen County

510 Allison Street Morristown, Tennessee 37814

Michelle,

We are in need of vehicles for the Narcotics Officers. We must replace three vehicles at this time. Drug dealers have learned that if caught we will seize their fine cars so they drive junk cars they don't mind losing. For them it is the cost of doing business. Therefore we no longer seize suitable cars for the officers to drive.

Their investigations constantly take them out of Hamblen County and frequently out of state. We will have three drug round ups this year. The first will be federal indictments. Within the last year we have charged over 50 persons federally. There will be in well in excess of 100 indictments altogether with multiple buys and charges.

We did attempt to save money by swapping the motor and transmission from a wrecked vehicle into a 2007 Explorer only to find that although the swap was easy the changes made in the computers made the swap unworkable. It constantly stalls and no Ford dealer after multiple tries can make it work. Their best advice was "get rid of it". For the other vehicles maintenance is very high because of mileage.

When the money is moved we will purchase 3 used vehicles or perhaps 2 used and one new one for long term use if we can find suitable used cars. Most used cars under \$20,000 have high mileage. Any money not spent will go back in the drug fund. This is not taxpayer money, it is from seizures. The sale of the following cars that are drug seizures will also go into the drug fund.

2007 Ford Explorer mileage153,640. (unrepairable)

1999 Chevrolet pickupmileage 226,135

200 Chevrolet SUVmileage 289,554

This is an example of how our Narcotics/Vice Division can be self-funded to an extent.

- 4. <u>Term</u> The initial term of this Agreement (the "Initial Term") shall begin on the Effective Date and shall end on the date that is sixty (60) months thereafter. Unless one party delivers to the other written notice of non-renewal at least ninety (90) days before the end of the then current term, this Agreement shall automatically renew for successive periods of twelve (12) months each. Notwithstanding anything to the contrary, the terms and conditions of this Agreement shall continue to apply to each Schedule for so long as we continue to provide the Application to you after the expiration or earlier termination of this Agreement.
- 5. <u>Service Level Agreement and Limited Remedy.</u> We are committed to providing you with reliable, high quality Applications, and we offer certain assurances about the quality of our Applications (the "Service Level Agreement"). The Service Level Agreement for each Application is as set forth in the applicable Schedule. - 6. <u>Software License</u>. We grant you a personal, non-exclusive, non-transferable license (without the right to sublicense) to access and use certain proprietary computer software products and materials in connection with the Applications (the "Software"). In connection therewith, Customer represents that (i) it will be responsible for distributing and assigning licenses to its end users, and (ii) it will monitor and ensure that its licensed end users comply with all Provider Use Terms and Conditions and as directed herein. The Software includes any upgrades, modifications, updates, and additions to existing features that we implement in our discretion (the "Updates"). Updates do not include additional features and

significant enhancements to existing features. You are the license holder of any third-party software products we obtain on your behalf. You authorize us to provide or preinstall the third-party software and agree that we may agree to the third-party End User License Agreements on your behalf. Your rights to use any third-party software product that we provide shall be limited by the terms of the underlying license that we obtained for such product. The Software is to be used solely for your internal business purposes in connection with the Applications at the Facilities. You will not (i) permit any parent, subsidiary, affiliated entity, or third party to use the Software, (ii) assign, sublicense, lease, encumber, or otherwise transfer or attempt to transfer the Software or any portion thereof, (iii) process or permit to be processed any data of any other party with the Software, (iv) alter, maintain, enhance, disassemble, decompile, reverse engineer or otherwise modify the Software or allow any third party to do so, (v) connect the Software to any products that we did not furnish or approve in writing, or (vi) ship, transfer, or export the Software into any country, or use the Software in any manner prohibited by the export laws of the United States. We are not liable with regard to any Software that you use in a prohibited manner.

- 7. Ownership and Use. The System, the Applications, and related records, data, and information (excepting recorded communications, for which you retain ownership) shall at all times remain our sole and exclusive property unless prohibited by law, in which event, we shall have the unlimited right to use such records, data, and information for investigative and law enforcement purposes. However, during the term of this Agreement and for a reasonable period of time thereafter, we will provide you with reasonable access to the records. We (or our licensors, if any) have and will retain all right, title, interest, and ownership in and to (i) the Software and any copies, custom versions, modifications, or updates of the Software, (ii) all related documentation, and (iii) any trade secrets, know-how, methodologies, and processes related to our Applications, the System, and our other products and services (the "Materials"). The Materials constitute proprietary information and trade secrets of Provider and its licensors, whether or not any portion thereof is or may be the subject of a valid copyright or patent.
- 8. <u>Legality/Limited License Agreement</u>. For services related to Applications which may allow you to monitor and record inmate or other administrative telephone calls, or transmit or receive inmate electronic messages ("e-mail"); by providing the Application, we make <u>no</u> representation or warranty as to the legality of recording or monitoring inmate or administrative telephone calls or transmitting or receiving inmate e-mail messages. For the purposes of Paragraph 9 below, relating to confidentiality and non-disclosure, the investigative or prosecutorial use, whether in Court or otherwise of any inmate message, call, or recording when properly authorized shall not constitute a breach of the confidentiality and non-disclosure terms of paragraph 9. Further, you retain custody and ownership of all recordings, and inmate e-mail messages; however you grant us a perpetual limited license to compile, store, and access recordings or inmate calls and access inmate e-mail messages for purposes of (i) complying with the requests of officials at the Facility, (ii) disclosing information to requesting law enforcement and correctional officials as they may require for investigative, penological or public safety purposes, (iii) performing billing and collection functions, or (iv) maintaining equipment and quality control purposes. This license does not apply to recordings of inmate calls or e-mail messages with their attorneys or to recordings or e-mail messages protected from disclosure by other applicable privileges.
- 9. <u>Confidentiality and Non-Disclosure</u>. The System, Applications, and related call records and information (the "Confidential Information") shall at all times remain confidential to Provider. You agree that you will not disclose such Confidential Information to any third party without our prior written consent. Because you will be able to access confidential information of third parties that is protected by certain federal and state privacy laws through the Software and Applications, you shall only access the Software with computer systems that have effective firewall and anti-virus protection.
- 10. <u>Claims</u>. To the fullest extent allowed by applicable law, each party by itself and/or its employees, agents, or contractors agrees to be responsible for any loss, cost, claim, liability, damage, and expense (including, without limitation, reasonable attorney's fees and expenses) (collectively "Claims") arising out of (i) a breach of its own representations, warranties, and/or covenants contained herein, or (ii) gross negligence or willful misconduct, or (iii) actual or alleged intellectual property infringement.

Furthermore, the parties understand and agree that each one is subject to federal, state, and local laws and regulations, and each party bears the burden of its own compliance. Provider agrees to install and implement the Inmate Telephone System according to the law governing Provider, the instruction it receives from Customer as to Customer's requirements under the law, and according to Customer's facility's demographics.

- 11. <u>Insurance</u>. We maintain comprehensive general liability insurance having limits of not less than \$2,000,000.00 in the aggregate. You agree to provide us with reasonable and timely written notice of any claim, demand, or cause of action made or brought against you arising out of or related to the utilization of the Applications and the System in which the Provider is brought in as a co-defendant in the Claim. We have the right to defend any such claim, demand, or cause of action at our sole cost and expense and within our sole and exclusive discretion. You agree not to compromise or settle any claim or cause of action arising out of or related to the use of the Applications or System without our prior written consent, and you are required to assist us with our defense of any such claim, demand, or cause of action.
- 12. <u>Default and Termination</u>. If either party defaults in the performance of any obligation under this Agreement, then the non-defaulting party shall give the defaulting party written notice of its default setting forth with specificity the nature of the default. If the defaulting party fails to cure its default within thirty (30) days after receipt of the notice of default, then the non-defaulting party shall have the right to terminate this Agreement upon thirty (30) days written notice and pursue all other remedies available to the non-defaulting party, either at law or in equity. Notwithstanding the foregoing, the thirty (30) day cure period shall be extended to ninety (90) days if the default is not reasonably susceptible to cure within such

- thirty (30) day period, but only if the defaulting party has begun to cure the default during the thirty (30) day period and diligently pursues the cure of such default. Notwithstanding the foregoing, if you breach your obligations in the section entitled "Software License" or the section entitled "Confidentiality", then we shall have the right to terminate this Agreement immediately.
- 13. <u>Limitation of Liability</u>. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, NEITHER PARTY SHALL HAVE ANY LIABILITY FOR INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES, LOSS OF PROFITS OR INCOME, LOST OR CORRUPTED DATA, OR LOSS OF USE OR OTHER BENEFITS, HOWSOEVER CAUSED AND EVEN IF DUE TO THE PARTY'S NEGLIGENCE, BREACH OF CONTRACT, OR OTHER FAULT, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. OUR AGGREGATE LIABILITY TO YOU RELATING TO OR ARISING OUT OF THIS AGREEMENT, WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL NOT EXCEED THE AMOUNT WE PAID YOU DURING THE TWELVE (12) MONTH PERIOD BEFORE THE DATE THE CLAIM AROSE.
- 14. <u>Uncontrollable Circumstance</u>. We reserve the right to renegotiate or terminate this Agreement upon sixty (60) days advance written notice if circumstances outside our control related to the Facilities (including, without limitation, changes in rates, regulations, or operations mandated by law; material reduction in inmate population or capacity; material changes in jail policy or economic conditions; acts of God; actions you take for security reasons (such as lock-downs)) negatively impact our business; however, we shall not unreasonably exercise such right. Further, Customer acknowledges that Provider's provision of the services is subject to certain federal, state or local regulatory requirements and restrictions which are subject to change from time-to-time and nothing contained herein to the contrary shall restrict Provider from taking any steps necessary to perform in compliance therewith.
- 15. <u>Injunctive Relief</u>. Both parties agree that a breach of any of the obligations set forth in the sections entitled "Software License," "Ownership and Use," and "Confidentiality" would irreparably damage and create undue hardships for the other party. Therefore, the non-breaching party shall be entitled to immediate court ordered injunctive relief to stop any apparent breach of such sections, such remedy being in addition to any other remedies available to such non-breaching party.
- 16. <u>Force Majeure</u>. Either party may be excused from performance under this Agreement to the extent that performance is prevented by any act of God, war, civil disturbance, terrorism, strikes, supply or market, failure of a third party's performance, failure, fluctuation or non-availability of electrical power, heat, light, air conditioning or telecommunications equipment, other equipment failure or similar event beyond its reasonable control; provided, however that the affected party shall use reasonable efforts to remove such causes of non-performance.
- 17. <u>Notices</u>. Any notice or demand made by either party under the terms of this Agreement or under any statute shall be in writing and shall be given by personal delivery; registered or certified U.S. mail, postage prepaid; or commercial courier delivery service, to the address below the party's signature below, or to such other address as a party may designate by written notice in compliance with this section. Notices shall be deemed delivered as follows: personal delivery upon receipt; U.S. mail five days after deposit; and courier when delivered as shown by courier records.

CALL MANAGEMENT SYSTEM

DESCRIPTION:

<u>Secure Call Platform:</u> Secure Call Platform ("SCP") provides through its centralized system automatic placement of calls by inmates without the need for conventional live operator services. In addition, SCP has the ability to do the following: (a) monitor and record inmate calls, (b) prevent monitoring and recording of private calls (i.e., attorney client calls, clergy calls, or other calls as approved and implemented by you); private number settings allow you to mark these calls not to be monitored or recorded, and you are solely responsible for identifying, approving and disabling requests for private treatment; (c) automatically limit the duration of each call to a certain period designated by us, (d) maintain call detail records in accordance with our standard practices, (e) automatically shut the System on or off, and (f) allow free calls to the extent required by applicable law. We will be responsible for all billing and collections of inmate calling charges but may contract with third parties to perform such functions. SCP will be provided at the Facilities specified in the chart below.

COMPENSATION:

Collect Calls. We will pay you commission (the "Commission") based on the Gross Revenues that we earn through the completion of collect calls, excluding interstate calls, placed from the Facilities as specified in the chart below. "Gross Revenues" shall mean all gross billed revenues relating to completed collect calls generated by and through the Inmate Telecommunications System. Regulatory required and other items such as federal, state and local charges, taxes and fees, including transaction funding fees, transaction fees, credits, billing recovery fees, charges billed by non-LEC third parties, and promotional programs are excluded from revenue to the Provider. We shall remit the Commission for a calendar month to you on or before the 30th day after the end of the calendar month in which the calls were made (the "Payment Date"). All Commission payments shall be final and binding upon you unless we receive written objection within sixty (60) days after the Payment Date. Your payment address is as set forth in the chart below. You shall notify us in writing at least sixty (60) days before a Payment Date of any change in your payment address.

Where permitted by law, when calculating commissions owed, \$0.11 per call will be deducted from the "per minute" call charge for all calls (excluding interstate). Customer understands and acknowledges that the \$0.11 per call minute exclusion is non-commissionable and will be withheld from gross billed revenues calculation. Further, if permitted by state and federal regulatory requirements, the per-minute call charge will be increased by \$0.11 for all calls (excluding interstate).

SERVICE LEVEL AGREEMENT

We agree to repair and maintain the System in good operating condition (ordinary wear and tear excepted), including, without limitation, furnishing all parts and labor. All such maintenance shall be conducted in accordance with the service levels in Items 1 through 10 below. All such maintenance shall be provided at our sole cost and expense unless necessitated by any misuse of, or destruction, damage, or vandalism to any premises equipment by you (not inmates at the Facilities), in which case, we may recoup the cost of such repair and maintenance through either a Commission deduction or direct invoicing, at our option. You agree to promptly notify us in writing after discovering any misuse of, or destruction, damage, or vandalism to, the said equipment. If any portion of the System is interfaced with other devices or software owned or used by you or a third party, then we shall have no obligation to repair or maintain such other devices or software. This SERVICE LEVEL AGREEMENT does not apply to any provided *Open*workstation(s) (see below). For the services contemplated hereunder, we may provide, based upon the facilities requirements, two types of workstations (personal computer/desktop/laptop/terminal): The "*Open*workstation" is an open non-secured workstation which permits administrative user rights for facility personnel and allows the facilities an ability to add additional third-party software. Ownership of the *Open*workstation is transferred to the facility along with a three-year product support plan with the hardware provider. We have no obligation to provide any technical and field support services for an *Open*workstation. CUSTOMER IS SOLELY RESPONSIBLE FOR THE MAINTENANCE OF ANY *OPEN*WORKSTATION(S)."

- 1. <u>Outage Report; Technical Support</u>. If either of the following occurs: (a) you experience a System outage or malfunction or (b) the System requires maintenance (each a "System Event"), then you will promptly report the System Event to our Technical Support Department ("Technical Support"). You may contact Technical Support 24 hours a day, seven days a week (except in the event of planned or emergency outages) by telephone at 866-558-2323, by email at TechnicalSupport@securustech.net, or by facsimile at 800-368-3168. We will provide you commercially reasonable notice, when practical, before any Technical Support outage.
- 2. <u>Priority Classifications</u>. Upon receipt of your report of a System Event, Technical Support will classify the System Event as one of the following three priority levels:

"Priority 1"	30% or more of the functionality of the System is adversely affected by the System Event.
"Priority 2"	5% - 29% of the functionality of the System is adversely affected by the System Event.
"Priority 3"	5% or less of the functionality of the System is adversely affected by the System Event. Single and multiple phones related issues.

3. <u>Response Times</u>. After receipt of notice of the System Event, we will respond to the System Event within the following time periods:

Priority 1	2 hours
Priority 2	24 hours
Priority 3	72 hours

- 4. <u>Response Process</u>. In the event of a System Event, where the equipment is located on Customer premises, Technical Support will either initiate remote diagnosis and correction of the System Event or dispatch a field technician to the Facility (in which case the applicable regional dispatcher will contact you with the technician's estimated time of arrival), as necessary. In the event a System Event occurs in the centralized SCP system, technical support will initiate remote diagnosis and correction of the System Event.
- 5. <u>Performance of Service</u>. All of our repair and maintenance of the System will be done in a good and workmanlike manner at no cost to you except as may be otherwise set forth in the Agreement. Any requested modification or upgrade to the System that is agreed upon by you and us may be subject to a charge as set forth in the Agreement and will be implemented within the time period agreed by the parties.
- 6. <u>Escalation Contacts</u>. Your account will be monitored by the applicable Territory Manager and Regional Service Manager. In addition, you may use the following escalation list if our response time exceeds 36 hours: first to the Technical Support Manager or Regional Service Manager, as applicable, then to the Director of Field Services, then to the Executive Director, Service.

- 8. Monitoring. We will monitor our back office and validation systems 24 hours a day, seven days a week.
- 9. Required IGR. You are responsible for providing a dedicated isolated grounded receptacle ("IGR") for use in connection with the primary System. Upon request we will provide you with the specifications for the IGR. If you are unable to or do not provide the IGR, then we will provide the IGR on a time and materials basis at the installer's then-current billing rates, provided that we are not responsible for any delay caused by your failure to provide the IGR.
- 10. <u>End-User Billing Services and Customer Care</u>. INSTANT PAY™ PROGRAM

DESCRIPTION

The Instant Pay^{TM} promotional program optimizes the call routing at Facilities by connecting as many calls as possible. If a call is attempted but there is no account or calling card open or in use to pay for the call, the call can be routed to the Instant Pay Program. The Instant Pay Program will offer the called party additional options to connect the call as well as provide information and promotional messaging on how to create a prepaid AdvanceConnect TM Account.

COMPENSATION

Pay NowTM. Pay NowTM is an instant paid payment product available to facilities that have the Instant Pay promotional calling program installed that allows the called party to instantly pay for a single call using a debit or credit card in real-time as the call is being initiated. With Pay NowTM, the called party may immediately pay using a credit or debit card for one single call or may elect to setup and / or fund a prepaid AdvanceConnect account. Provider will compensate Customer at a rate of one and 60/100 dollars (\$1.60) for each call accepted and paid for using Pay NowTM. Pay NowTM is not subject to any other compensation.

Text2Connect™. Text2Connect™ is a promotional program designed to get inmates in touch with Friends and Family members quickly and to encourage them to set up a prepaid AdvanceConnect™ account. If (a) an inmate attempts a call to a mobile phone, (b) the facility allows calls to mobile phones, and (c) the call cannot be billed by Provider, then call control will be assumed by our third-party provider. Our third-party provider will prompt the called party to double opt-in to accept and confirm the charges for a premium SMS text message and continue the call. Charges for the message are billed by the called party's mobile provider on their mobile phone bill. The called party receives a text message receipt for the call charges and is given instructions on how to open a prepaid AdvanceConnect™ account. Text2Connect™ is available through our third-party processor who maintains relationships with select mobile phone companies around the country and manages the connection.

Text2ConnectTM promotional calls are not commissionable, and Provider will pay Customer a bonus payment of thirty cents (\$0.30) for each transaction fee billed and collected by the wireless carrier completed through the Text2ConnectTM platform. Bonus payments for each applicable connection will be added to your existing monthly commission statement. Text2ConnectTM is not subject to any other compensation.

Re: MUS request to use Cherokee Park property

Morristown Utility System is requesting to build a one million gallon sewer equalization basin just off Cherokee Park Road next to the existing Spring Creek Pump Station. The basin would be on Cherokee Park property across the street from the campground.

The purpose of the sewer equalization basin is to stop the overflow of the Spring Creek Pump Station during major rain events. Cherokee Park Manager Frank Parker tells me the basin will not interfere with day to day operations of the park.

Mike Howard, MUS Water Operations Manager, will give a presentation about the request at the committee meetings on Monday, June 13.
