Re: Re-appointment to Emergency Medical Services Regulatory Board

In 2014, the Hamblen County Commission formed a regulatory board to monitor the operation of ambulances services in Hamblen County.

The Board consists of three members: a) The Emergency Management Agency director; b) a physician with emergency medicine experience and training; and, c) an emergency medical services professional.

Dr. Mark Harrell, a physician with the emergency department at Morristown-Hamblen Healthcare System, has served on the regulatory board since 2014. He is willing to serve another three-year term. It is my recommendation that Dr. Harrell be reappointed to the EMS Regulatory Board for another three- year term.

The other members of the board are:

Chris Bell, Hamblen County EMA Director Rick Valentine, assistant director Sevier County EMS

### Transfer Funds

Motion by Randy DeBord, seconded by Thomas Doty to approve the transfer

the cash balance of the Sanitation Capital Projects Fund #173 to Solid Waste /Sanitation Fund#116.

То:	Finance Committee Hamblen County Commission
From:	Bill Brittain, Hamblen County Mayor
Date:	June 10, 2019
Re:	Transfer from Sanitation Capital Projects Fund (#173) to Solid Waste/Sanitation Fund (#116), and Closing of Sanitation Capital Project Fund (#173)

Several years ago, TDEC required Hamblen County to repair the cap of its old landfill site on Neblett Road. The repair work was completed in 2014 and TDEC began the process to remove the site from the State's Superfund List. Once it was removed from the list, the County was only to be responsible for minor maintenance to the property.

There is a balance of \$78,316.72 in the Sanitation Capital Projects Fund (#173) from the repair project. I am asking the Finance Committee to recommend to the full County Commission move the balance of this fund to the Solid Waste/Sanitation Fund #116 and close the Sanitation Capital Projects Fund # 173. Since the proceeds for the original project were restricted for Solid Waste and Sanitation related projects the funds may now only be transferred to the Solid Waste/Sanitation Fund (#116).

Do not hesitate to call me with any questions or concerns.

Re: Liability and Workman's Comp Insurance Renewal

Two companies submitted proposals to provide property and casualty, auto, and law enforcement liability coverage as well as workman's compensation insurance for Hamblen County.

The County Mayor's Office, in consultation with our insurance broker Strate Insurance Group, is recommending that Tennessee Risk Management Trust (TNRMT) be awarded the contract.

Below is a comparison of the proposals submitted by each carrier:

	TNRMT	BRIT/QBE
Premium	\$745,141	\$749,617
Law Enforc. Excess Liability	\$4 Million	Not Offered
Law Enforc. Each Occurrence	\$1 Million	\$1 Million
Law Enforc. Aggregate Limit	No Limit	\$2 Million
Law Enforc. Deductible	\$25,000 / claim	\$150,000 / claim

We determined the TNRMT proposal is the <u>best value</u> based on the information above.

I am requesting that the County Commission approve the contract with the Tennessee Risk Management Trust effective July 1, 2019.

Re: Planning Services Agreement with City of Morristown

At my request, the City of Morristown and its Planning Department have agreed to provide planning services for Hamblen County beginning with the 2019-20 fiscal year.

The agreement includes a greater time commitment (4 hours/week) for a planner to work with the County Planning Department. The needs of our Planning Department have out grown the time available with the current contractor, the East Tennessee Development District.

The cost of the services remains the same at \$15,500 annually,

I am asking the County Commission to approve contracting with the City of Morristown for planning services:

Do not hesitate to contact me with any questions.

Whereas, the City has agreed to make a planner available to the County subject to the terms of this Agreement; and

Whereas, the City and the County hereby enter into this Interlocal Cooperation Agreement for the purpose of the City making a City planner available to the County to serve in an advisory position at the County on a limited basis and pursuant to the terms addressed herein.

- 2. The parties understand that the duties of the planner will consist of conferring with the local planning commission, board of zoning appeals and other local officials in the County's comprehensive planning program. The planner will work directly with the County's Planning Operating Manager and will assist with the following non-comprehensive list of services:

a) Attend the county planning commission meeting and board of zoning appeals meetings regularly, <u>as well as attend the County Commission</u> <u>meetings on an as needed basis</u>, and assist in the preparation of agenda items (reviews and recommendations) for both boards;

- 5. The City and County shall each designate a specific contact person for issues related to this Agreement and shall provide that person's name and telephone number to the other party upon approval of this Agreement. If there is any change in the contact person, notification to the other shall be immediately given.
- 6. The County shall pay the City an annual sum of fifteen thousand and five-hundred dollars (\$15,500) for the use of the City planner. The City shall invoice the County on a quarterly basis and the County shall remit payment to the City within fifteen (15) days of receiving said invoice. The County agrees to grant an annual pay increase up to, but not to exceed, the unadjusted percent change for the most recent twelve (12) months for which data is available, that is not subject to revision, in the Consumer Price Index (CPI-U).
- 7. After the approval by both the City Council and the County Commission, the term of this Agreement shall commence on July 1, 2019 and shall continue for a period of one (1) year. This Agreement shall automatically renew each year, unless either party desires not to renew or continue the Agreement and provides at least a

thirty (30) day written notice of same to the other party. Additionally, this Agreement and any extension(s) thereof shall be subject to the funds being appropriated by the County.

7. This Agreement shall take effect upon its adoption and approval by the governing bodies of both parties hereto and shall be binding upon the undersigned, their successors and assigns unless modified by an agreement in writing executed by the parties hereto.

Re: E-911 Emergency Communications District CAD Purchase

The ECD (911) Board of Directors is considering the purchase of a new CAD system which is the backbone of the 911 emergency communication system. This purchase will impact all the public safety organizations within Morristown and Hamblen County.

At its June meeting, I asked the ECD Board to include the County Commission and Morristown City Council in the discussions because of the impact the purchase may have on future costs for our public safety agencies as well as the financial stability of the District. The County Commission's representative on the ECD Board is Commissioner Joe Huntsman. I am a nonvoting ex-officio member of the board.

Attached is a letter I received from ECD Board Chairman Robert Laney. Please review the letter and feel free to discuss it with me at your convenience.

# Hamblen County Emergency Communications District

530 North Jackson Street Morristown, Tennessee 37814 (423) 585-2700

3 July 2019

Hon. Bill Brittain Hamblen County Mayor Hamblen County Courthouse 511 West Second North Street Morristown, Tennessee 37814

County Mayor Brittain:

At the 28 June 2019 meeting of the ECD Board of Directors, you requested that a financial breakdown be provided to the local governing bodies regarding the implementation of a new Computer Aided Dispatch (CAD) system prior to the Board taking final action on the purchase of such a system. The intent of this letter is to serve that purpose and involve Hamblen County Government in the future planning considerations of this project.

As you are aware, the discussion and planning for the replacement and upgrade to the CAD system has occurred over the past two to three (2-3) fiscal years. The ECD staff has done their homework; attending regional, state, and national conferences, speaking with vendors about new and emerging technologies, and hosting meetings with City and County emergency service departments to get their input as to what they need / want / desire the system to be capable of, in order to make their mission more successful and ease the burden of their operation. This, of course, is no small task given that the ECD dispatches for ten (10) uniquely separate departments that are overseen by two (2) different local government structures which operate independent records systems.

To facilitate the purchase of the best consolidated system possible for our client agencies, staff prepared a vendor questionnaire of over 270 questions which was completed by several companies that offer a CAD product. The top five (5) vendors which best met the needs that were shared with us were invited to come and present their products in a live demo and question-&-answer setting. These were forums in which all emergency service departments were invited to participate and seek input as to how well the systems integrated with the existing processes already in place at the City and County. The goal was always to seek out a system that would keep the local governments from having to purchase new equipment on their end or be forced to perform significant upgrades.

Following the in-person vendor presentations, staff wrote the specifications and the Board authorized an Invitation for Bids to be published on 6 May 2019. The bids were opened on 5 June 2019 at 10:00am.

Following the review and analysis of the bids by administrative and technical services staff, a consensus of the Board feels as though the bid submitted by Pulsiam / Hitech Systems is the proposal that best meets the needs of our client agencies and is in the best interest of the ECD.

Acceptance of this bid will move the ECD from its current Cisco / Global Software platform – which is no longer being supported or upgraded – to the Pulsiam SafetyNet CAD, provide SafetyNet Mobile for up to ninety (90) vehicles [based upon 65 City patrol vehicles and 25 County patrol vehicles], provide SafetyNet Insight for up to one hundred (100) iOS or Android devices, and includes the associated interfaces for the existing ECD, City, County, and EMS reporting and mapping systems. The bid also includes the annual maintenance agreement for the first year. The total of this bid is \$883,475.

Based upon discussion, I believe the Board's intent is to purchase not only the ECD specific products, but also to provide the SafetyNet Mobile product and all associated interfaces to the County's PTS Solutions RMS as well. This would mean that the ECD would be providing the County with \$67,357 in software, integration costs, and maintenance [*Fig.* 1].

Hamblen County Government

PTS RMS Interface	\$39,800
Maintenance Agreement (Year 1)	\$7,645
TOTAL	\$67,357

The itemization of the total bid is provided in the graphic below [Fig.2].

Tyler RMS Interface	\$36,900
PTS RMS Interface	\$39,800
Brazos eCitation Interface	\$26,000
TOTAL	\$883,475

Fig. 2

Obviously, making this type of investment in the public safety infrastructure will require the ongoing maintenance and support of such a system for years to come. The ECD's General Fund is healthy enough to support this purchase while still leaving over one (1) year of operational funding in reserve. Going forward however, the Board will be faced with looking at increased costs for the system's annual maintenance agreement (*between* \$111,000 - \$122,000 annually over the next six (6) years) as well as a substantial increase in our depreciation line-item (a \$42,500 increase in January 2020 and an \$85,000 increase for the following nine (9) years; bringing the ECD's total annual depreciation cost to \$210,000).

The purchase of this system would also mean that the County would begin incurring the annual maintenance cost for its part of the SafetyNet Mobile product beginning Year 2. This future planning consideration is detailed in the graphic below [*Fig.3*].

	en County Government Maintenance for SafetyNet Mobile	
Year 2	(\$314.96 per vehicle x 25 vehicles)	\$7,874
Year 3	(\$324.40 per vehicle x 25 vehicles)	\$8,110
Year 4	(\$334.13 per vehicle x 25 vehicles)	\$8,353
	(\$344.16 per vehicle x 25 vehicles)	\$8,604
	Fig. 2	

Fig. 3

During the June meeting of the Board, I asked that an impact statement be prepared in order to inform the City and County what their cost would be moving forward; and when reviewing all the systems provided and the cost of each, I am reminded of the saying "you get what you pay for". I feel that the Pulsiam system is the best option for the citizens that we serve. This system will allow the 9-1-1 center to grow with the City and County and partner with a proven company moving forward to support our mission. I fully understand that both local governments are watching budgets closely and we should also. The Bible teaches us that we should be good stewards of our money.

When I think of the people we serve, I think of the lost child on the street, our children, our parents needing help, and other loved ones that could become the victims of assault, rape, or other violent crimes. What impact would it have if they could not get a response quickly?

More and more we need to consider the first responders that serve this community that we dearly love. Our first responders deserve to be given the best tools and safest environment we can provide them with. What impact would it have on our community to lose an officer? A fireman? A paramedic? We truly live in uncertain times; and in my thirty-six years in healthcare and emergency management, when issues arise, most of the time it can be traced back to communications. We have the opportunity to provide the Hamblen County Emergency Communications District, our first responders, and the community we serve with our best.

I am proud that the ECD Board would consider helping the City and County by covering the cost of the mobile software, interfaces, and the first year of maintenance.

It is my intention to call the Board to a Special Called Meeting later this month for the purpose of approving or rejecting this bid. At that time, I will also ask them to consider setting a 'minimum reserve amount' for our General Fund so that contingency planning and unforeseen emergencies can be prudently handled.

It is my sincere hope that this information is helpful and meets your request.

Sincerely,

Tor's Tohit

Robert D. Laney Chairman, Board of Directors

## Hamblen County, TN

Annual Comment on Hamblen County

#### **Issuer Profile**

Hamblen County is located in northeastern Tennessee. The county seat of Morristown is approximately 40 miles northeast of Knoxville. The county has a population of 63,465 and a moderate population density of 394 people per square mile. The county's median family income is \$51,429 (4th quartile) and the April 2019 unemployment rate was 3.3% (2nd quartile)  $^2$ . The largest industry sectors that drive the local economy are manufacturing, retail trade, and health services.

#### **Credit Overview**

The credit position for Hamblen County is strong. On the other hand, its Aa3 rating is slightly lower than the US counties median of Aa2. Key credit factors include an extremely small debt burden, a mid-ranged pension liability, a healthy financial position, a large tax base, but a somewhat weak wealth and income profile.

**Debt and Pensions:** The county has an exceptionally light debt burden and is quite favorable in comparison to the assigned rating of Aa3. The net direct debt to full value (0.4%) is on par with the US median, but declined modestly between 2014 and 2018. Also, the pension liability of Hamblen County is mid-ranged. The Moody's-adjusted net pension liability to operating revenues (1.3x) approximates the US median.

**Finances:** The financial position of the county is healthy and is a modest credit strength in comparison to the assigned rating of Aa3. The cash balance as a percent of operating revenues (18.3%) is below the US median, and declined between 2014 and 2018. Additionally, the fund balance as a percent of operating revenues (18.8%) is beneath other Moody's-rated counties nationwide.

**Economy and Tax Base:** Overall, the economy and tax base of Hamblen County are solid. The total full value (\$5.2 billion) is below the US median, but rose modestly from 2014 to 2018. Additionally, the full value per capita (\$81,475) is consistent with the US median. However, the median family income is only 72.6% of the US level.

**Management and Governance:** Tennessee counties have an Institutional Framework score <sup>3</sup> of Aaa, which is high compared to the nation. Institutional Framework scores measure a sector's legal ability to increase revenues and decrease expenditures. The sector has one or more major revenue sources that are not subject to any caps. Unpredictable revenue fluctuations tend to be moderate, or between 5-10% annually. Across the sector, fixed and mandated costs are generally less than 25% of expenditures. Unpredictable expenditure fluctuations tend to be minor, under 5% annually.

#### Sector Trends - Tennessee Counties

Tennessee will experience moderate growth over the near-term. Continued tax base expansion through ongoing development and projected population growth will benefit counties. Major revenue sources such as property taxes and local and state sales taxes will continue to add stability to Tennessee counties' stable financial operations. The majority of municipal employees within Tennessee counties participate in the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan and the local portions are generally well funded.

#### Endnotes

- 1 The rating referenced in this report is the issuer's General Obligation (GO) rating or its highest public rating that is GO-related. A GO bond is generally backed by the full faith and credit pledge and total taxing power of the issuer. GO-related securities include general obligation limited tax, annual appropriation, lease revenue, non-ad valorem, and moral obligation debt. The referenced ratings reflect the government's underlying credit quality without regard to state guarantees, enhancement programs or bond insurance.
- 2 The demographic data presented, including population, population density, per capita personal income and unemployment rate are derived from the most recently available US government databases. Population, population density and per capita personal income come from the American Community Survey while the unemployment rate comes from the Bureau of Labor Statistics.

The largest industry sectors are derived from the Bureau of Economic Analysis. Moody's allocated the per capita personal income data and unemployment data for all counties in the US census into quartiles. The quartiles are ordered from strongest-to-weakest from a credit perspective: the highest per capita personal income quartile is first quartile, and the lowest unemployment rate is first quartile.

- 3 The institutional framework score assesses a municipality's legal ability to match revenues with expenditures based on its constitutionally and legislatively conferred powers and responsibilities. See <u>US Local Government General Obligation Debt (December 2016)</u> methodology report for more details.
- 4 For definitions of the metrics in the Key Indicators Table, US Local Government General Obligation Methodology and Scorecard User Guide (July 2014). Metrics represented as N/A indicate the data were not available at the time of publication.
- 5 The medians come from our most recently published local government medians report, <u>Medians Property values key to stability, but pension burdens</u> remain a challenge (March 2018) which is available on Moodys.com.
