The EMIF shall be composed of two (2) accounts: an account used for the payment of eligible costs associated with the lease, purchase, installation, removal and maintenance of ignition interlock devices ("Ignition Interlock Account") and an account used for the payment of eligible costs associated with the use of transdermal monitoring devices, other alternative alcohol or drug monitoring devices, and global positioning monitoring devices ("Other Alternative Drug and Alcohol Monitoring Device Account").

I. PURPOSE

The purpose of this MOU is to outline the roles and responsibilities and the payment process for the Local Government costs associated with the Local Government's participation in the EMIF relative to eligible transdermal monitoring devices; other alternative drug and alcohol monitoring devices; and global positioning monitoring devices for its indigent defendants (collectively, "Device" or "Devices").

II. PAYMENT PROCESS

- A. Through the Local Government's participation in the EMIF, it will pay fifty percent (50%) of the costs associated with Devices for its indigent defendants with the State of Tennessee ("State") paying the other fifty percent (50%), subject to the transfer of money from the Ignition Interlock Account to the Other Alternative Drug and Alcohol Monitoring Account as well as an appropriation by the State.
- B. In obtaining money from the Local Government, the Department will bill the Local Government on a monthly basis by providing it with a statement of costs associated with Devices by either collecting the costs from the Local Government's Local Government Investment Pool Account ("LGIP") or a Local Government's designated bank account. The Local Government chooses the following payment option (check one):
 - O A journal draft from the Local Government's LGIP account on a monthly basis for Device invoices. In order to utilize this option, the Local Government must deposit its full budgeted amount for participation in the EMIF with the Department in a lump sum within thirty (30) business days from the date the budgeted amount is approved. The Local Government's funds will be placed in a designated LGIP account and will earn interest at the applicable rates to the credit of the Local Government; or
 - O ACH draft from a bank account designated by the Local Government in twelve (12) equal monthly installments.
- C. The State may also obtain money from participating Local Governments for costs associated with Devices from the Local Government's state-shared taxes.
- D. At the conclusion of any fiscal year, should the Local Government have a balance in either account option listed above in excess of its EMIF liabilities, the Local Government may opt to have the fund returned to the Local Government or roll the funds into the next fiscal year for participation in EMIF.
- E. In the event that the Local Government fails to pay its liabilities as established in this MOU, the State may also obtain money from participating Local Governments for costs associated with Devices from the Local Government's state-shared taxes.

F. Should the Local Government not pay its fifty percent (50%) of costs associated with Devices, the State will cease paying its portion of the costs and the Department will not approve any claims or pay any invoices as of the date that the Local Government cannot pay its costs and until such time that the Local Government has sufficient funds available to pay its costs as provided in this MOU.

III. DURATION

This MOU will become effective upon signature by the authorized representatives for the Department and the Local Government and will remain in effect until modified or terminated upon the mutual agreement of the Department and Local Government. This MOU will be automatically terminated if the Local Government withdraws its participation from the EMIF for the payment of costs associated with Devices, and the Local Government pays outstanding liabilities to the EMIF in accordance with the terms of this MOU and applicable laws, rules, policies, procedures and guidance.

IV. SURVIVAL

The terms, provisions, representations, and warranties contained in this MOU which by their sense and context are intended to survive the performance and termination of this MOU, shall so survive the completion of performance and termination of this MOU.

Honorable Bill Brittain, Mayor and Honorable Board of Commissioners Hamblen County 511 West Second North Street Morristown, TN 37814

Dear Mayor Brittain and Members of the Board:

Please provide a copy of this letter to all the members of the County Commission and present it at the next meeting of the County Commission.

This letter acknowledges receipt of a certified copy of the fiscal year 2020 budget.

We have reviewed the budget and have determined that projected revenues and other available funds are sufficient to meet anticipated expenditures. Our review of the budget is based solely on the information we have received and is for determining that the budget appears to be balanced. With regard to programs included in the budget such as education, roads, and corrections, we have not attempted to determine that the local government has complied with specific program statutes or guidelines, or with any financing requirements prescribed by any state or federal agency. A property tax rate may be included in this budget, and we would recommend that local government officials be certain that all program requirements have been met before initiating the tax collection process.

This letter constitutes approval, by this office, for the County's fiscal year 2020 budget as adopted by the County Commission.

Considerations Concerning the Budget

The Office of State and Local Finance has determined that the County's budget meets basic statutory requirements, but we have detected a challenge, outlined below, that could possibly lead to financial problems in the future.

As part of the annual budget submission process required by T.C.A. § 9-21-403, the County provided a projected monthly cash flow analysis for the General Purpose School Fund, (the "Fund"). A review of the analysis indicated that the Fund is budgeted to have an amount of cash at the end of fiscal year 2020 that is less than one-month's average monthly spending. The Fund appears to have sufficient cash during fiscal year 2020 to remain balanced; however, to ensure this

continues, the County's finance staff should provide the following information to the Commission, if it does not already do so:

- An updated cash flow analysis for the Fund showing actual data from the prior month and any changes to forecasted data, and
- A budget-to-actual report for the Fund including both revenue collections and expenditures.

Please submit these reports to the Commission at each regular meeting. As part of a financially well-run county, we recommend that the County's finance staff provide the Commission these reports for all funds.

If you need further assistance, please contact your financial analyst, Steve Osborne, at 615.747.5343 or Steve.Osborne@cot.tn.gov. You may also contact our office by mail at the address located at the bottom of this page. Please send it to the attention of your analyst at the Office of State and Local Finance.

Sincerely,

Sandra Thompson

TOURISM GENERATED A \$22 BILLION ECONOMIC IMPACT IN TENNESSEE \$106 MILLION IN MORRISTOWN/HAMBLEN COUNTY

Nashville, TN – Aug. 6, 2019 – Tennessee saw 119 million domestic visitors in 2018, up 5.1 percent from 113 million the previous year and hit a record-high \$22 billion in domestic and international travel spending. Travelers in Tennessee spend an estimated \$60 million per day. Tennessee Gov. Bill Lee and Department of Tourist Development Commissioner Mark Ezell made the announcement at the Ford Theater at the Country Music Hall of Fame and Museum.

Tennessee's growth is outpacing the nation in all areas of travel; including tax revenue, expenditures, payroll and employment.

The report's findings also show tourism's value to Tennessee taxpayers. Travel in Tennessee generated 189,757 jobs and \$1.81 billion in state and local tax revenue. That is an increase of over \$50 million in new state and local tax dollars in 2018 compared to the previous year, approximately \$25 million of which supports public education. Without tourism, each Tennessee household would have to pay an additional \$712 in taxes each year. Those tax dollars support education, health and human services, public safety, business and economic development.

In 2018, Tennessee ranked number 3, after Pennsylvania and Colorado, for international spending growth over 2017, according to Tourism Economics. International spending growth in Tennessee is 7 times the national average.

"From our thriving cities to our beautiful rural landscapes and everything in between, Tennessee has solidified its place as a leader in tourism across the country," Lee said. "Our booming tourism sector is outpacing the nation in every category. World-class food, music, and adventure are just a few things folks find when they come to Tennessee, and thankfully, folks are visiting this remarkable place more than ever."

"Tennessee's diverse cities and small towns offer quality tourism products and remarkable brands that drive visitation," said Commissioner Mark Ezell. "We would not have these numbers if it weren't for renovations, capital investments and passion shown by tourism partners across the state. The record-breaking millions who come here discover the music, history and culture, family experiences and scenic beauty that make Tennessee 'The Soundtrack of America.'"

DATE:

SUBJECT:

Rezoning from A-1 to C-1 at 7274 St. Clair Road

BACKGROUND:

The property owner of 7274 St. Clair Road, which currently contains a mini-storage units business, went before the Planning Commission on August 5th for a request to add 4 additional storage units at this location. As part of the request the owner provided a subdivision plat that increased the storage unit parcel by approximately one acre. This plat was approved by Planning Commission; however, the additional acre that was added to this parcel maintains the original zoning designation of A-1. Thus, in order to accommodate the expansion of this business and to avoid the parcel being split zoned, the owner is requesting the portion of the property that is zoned A-1 be rezoned to C-1.

The below image shows the parcel being split-zoned with the northern 2 acres being zoned C-1 and the southern one acre being zoned A-1.

Recommendation:

This rezoning request is to accommodate a small expansion of the commercial business currently on site while also allowing the parcel to contain a single zoning designation of C-1. After review, staff recommends approval of this request.

Planning Commission voted unanimously is support of this request at their August 5th meeting.

- **B. PERSONS COVERED** Immediate family members of any local elected official or of any employee or board member of a non-profit agency are ineligible to receive benefits through the HOME program. "Immediate family member" means the spouse, parent (including a stepparent), child (including a stepchild), grandparent, grandchild, sister or brother (including a stepsister or stepbrother) of any covered individual.

In addition, the conflict of interest provisions as apply to any person who is an employee, agent, consultant, officer, elected official or appointed official of THDA, the local community or the nonprofit agency (including CHDOs) receiving HOME funds, and who exercises or has exercised any functions or responsibilities with respect to activities assisted with HOME funds or who is in a position to participate in a decision-making process or gain inside information with regard to these activities.

- **C. APPEARANCE OF A CONFLICT OF INTEREST** Grantees must also make every effort to avoid the appearance of favoritism in the eligibility determination process. In those cases where the applicant is otherwise eligible, but there exists the appearance of a conflict of interest or the appearance of favoritism, the Grantee must complete *HO-4A* (*Determination of a Conflict of Interest*) and submit written documentation to THDA that the following procedures have been observed:

 - 2. The Grantee's attorney must render an opinion as to whether or not a conflict of interest exists and that no state or local laws will be violated should the applicant receive HOME assistance.
 - 3. The Grantee's elected body must pass a resolution approving the applicant.

ELIGIBILITY REQUIREMENTS

This section sets forth the eligibility requirements for the applicant to receive a rehabilitation grant and describes property to be rehabilitated. Applicant eligibility shall be determined by the program coordinator, subject to the approval by the Grantee.

- **A. ELIGIBILITY CRITERIA** The following criteria must be satisfied by all applicants in order to become eligible for a rehabilitation grant:
 - 1. The applicant must be low or very low income as defined by Section 8 income requirements.
 - 2. The applicant must have been the resident of the property to be rehabilitated for a period of not less than one year and must occupy the property as his or her principle residence.
 - 3. The applicant's ownership must be in the form of:
 - a. fee simple title; or

7.

- b. a 99-year leasehold; or
- c. A life estate. The person with the life estate must have the right to live in the housing for the remainder of his or her life and not pay rent, must be low income, and must occupy the housing as his or her principal residence; or
- d. Inherited property with multiple owners not all residing in the housing. The owner- occupant must be low income, must occupy the house as his or her principal residence, and must pay all the costs associated with ownership and maintenance of the housing.
- 4. The title must not have any restrictions or encumbrances that would unduly restrict the good and marketable nature of the ownership interest.
- 5. The applicant must voluntarily apply for assistance (HO-3).
- 6. The applicant must obtain homeowners insurance.
- 7. The applicant must demonstrate the ability to maintain the property and the dwelling.

This section sets forth the basis for determining the income of the applicant and the applicant's household for the purposes of a rehabilitation grant for a residential dwelling unit. The total income of the applicant's household as reported on Exhibit HO-3 will be used to classify the household for purposes of eligibility.

HOME funds can only be used to benefit low and very low-income household. The income limits applicable will be the most current version of Income Limits for Low-Income and Very Low-Income Families (adjusted for family size) produced by the Department of Housing and Urban Development. Tennessee figures are included in the Rating System for Ranking of Applicants, section VIII, of this document.

- A. ANNUAL INCOME (GROSS INCOME) The HOME program uses the income definitions used in the Section 8 program in determining the annual income (gross income) used to classify a household for purposes of eligibility. The income of the household to be reported for purposes of eligibility is the sum of the income of the applicant, the applicants spouse, and any other family member residing in the home or rental unit. Annual income means all amounts, monetary or not, which:
 - 1. Go to, or on behalf of, the family head or spouse (even if temporarily absent) or to any other family member;
 - 2. Are anticipated to be received from a source outside the family during the 12-month period following admission or annual reexamination effective date. In other words, it is the household's future or expected ability to pay rather than its past earnings that is used to determine program eligibility. If it is not feasible to anticipate a level of income over a 12- month period, the income anticipated for a shorter period may be annualized, subject to a redetermination at the end of the shorter period; and
 - 3. Which are not specifically excluded in paragraph 6.8 (Income Exclusions) below.
 - 4. Annual income also means amounts derived (during the 12-month period) from assets to which any member of the family has access.
 - 5. MONTHLY GROSS INCOME Monthly gross income is Annual Gross Income divided by 12 months.
- **B. ASSETS** In general terms, an asset is a cash or non-cash item that can be converted to cash. There is no asset limitation for participation in the HOME program, but the Grantee may determine an asset limit for unusual circumstances.

Income from assets is, however, recognized as part of Annual Gross Income. Assets have both a market value and a cash value.

- MARKET VALUE The market value of an asset is simply its dollar value on the open market. For example, a stock market value is the price quoted on a stock exchange on a particular day, and a property market value is the amount it would sell for on the open market. This may be determined by comparing the property with similar, recently sold properties.
- 2. CASH VALUE The cash value of an asset is the market value less reasonable expenses required to convert the asset to cash, including:
 - a. Penalties or fees for converting financial holding. Any penalties, fees, or transaction charges levied when an asset is converted to cash are deducted from the market value to determine its cash value (e.g., penalties charged for premature withdrawal of a certificate of deposit, the transaction fee for converting mutual funds, or broker fees for converting stocks to cash); and/or
 - b. Costs for selling real property. Settlement costs, real estate transaction fees, payment of mortgages/liens against the property, and any legal fees associated with the sale of real property are deducted from the market value to determine equity in the real estate.
 - c. Under Section 8 rules, only the cash value (rather than market value) of an item is counted as an asset.
- 3. INCOME FROM ASSETS The income counted is the actual income generated by the asset (e.g., interest on a savings or checking account.) The income is counted even if the household elects not to receive it. For example, although a household may elect to reinvest the interest of dividends from an asset, the interest or dividends is still counted as income.
 - a. The income from assets included in Annual Gross Income is the income that is anticipated to be received during the coming 12 months.
 - To obtain the anticipated interest on a savings account, the current account balance can be multiplied by the current interest rate applicable to the account; or If the value of the account is not anticipated to change in the near future and interest rates have been stable, a copy of the IRA 1099 form showing past interest earned can be used.
 - Checking account balances (as well as savings account balances) are considered an asset. This is a recognition that some households keep assets in their checking accounts, and is not intended to count monthly income as an asset. Grantees should use the average monthly balance over a 6-month period as the cash value of the checking account.
 - b. Assets above and below \$5,000 are treated differently.
 - If the family's assets are \$5,000 or less, actual income from assets (e.g., interest on a checking account) is not counted as annual income. For example, if a family has \$600 in a non-interest bearing checking account, no actual income would be counted because the family has no

actual income from assets and the total amount of all assets is less than \$5,000.

- c. If the family's assets are greater than \$5,000, income from assets is computed as the greater of:
 - actual income from assets, or
 - calculate income from assets based on a passbook rate applied to the cash value of all assets. For example, if a family has \$3,000 in a non-interest bearing checking account and \$5,500 in an interest-bearing savings account, the two amounts are added together. Use the standard passbook rate to determine the annual income from assets for this family.
- d. Applicants who dispose of assets for less than fair market value (i.e., value on the open market in an "arm's length" transaction) have, in essence, voluntarily reduced their ability to afford housing. Section 8 rules require, therefore, that any asset disposed of for less than fair market value during the 2 years preceding the income determination be counted as if the household still owned the asset.
- e. The value to be included as an asset is the difference between the cash value of the asset and the amount that was actually received (if any) in the disposition of the asset.
- f. Each applicant must certify whether an asset has been disposed of for less fair market value. Assets disposed of for less than fair market value as a result of foreclosure, bankruptcy, divorce or separation are not included in this calculation.
- g. These procedures are followed to eliminate the need for assets limitation and to penalize people who give away assets for the purpose of receiving assistance or paying a lower rent.

4. ASSETS INCLUDE:

- a. Amounts in savings accounts and three-month average balance of checking accounts.
- b. Stocks, bonds, savings certificates, money market funds and other investments accounts.
- c. Equity in real property or other capital investments. Equity if the estimated current market value of the asset less the unpaid balance on all loans secured by the asset and reasonable costs (such as broker fees) that would be incurred in selling the asset. DO NOT INCLUDE EQUITY OF PRINCIPAL RESIDENCE AS AN ASSET FOR HOMEOWNER REHABILITATION PROGRAMS.

- **E. TIMING OF INCOME CERTIFICATIONS** All household that receive HOME assistance must be income eligible. A preliminary determination of eligibility will be made at receipt of application.
 - 1. At a minimum, income certification must be completed before assistance begins.
 - 2. Verification documentation cannot be dated no earlier than 6 months prior to eligibility; Otherwise income must be revivified.
 - 3. Households must qualify as low income at the time of occupancy or at the time funds are invested, whichever is later.
- **F. INCOME VERIFICATION** Grantees must verify and retain documentation of two months of income information for each person in the household to determine the household's income. Under the Section 8 Program, there are three forms of verification which are acceptable: third-party, review of documents, and applicant certification.
 - 1. THIRD-PARTY VERIFICATION Under this form of verification, a third party (e.g., employer, Social Security Administration, or public assistance agency) is contacted to provide information. Although written requests and responses are generally preferred, conversations with a third party are acceptable if documented through a memorandum to the file that notes the contact person and date of the call.
 - a. To conduct third party verifications, a Grantee must obtain a written release from the household that authorized the third party to release required information.
 - b. Third-party verifications are helpful because they provide independent verification of information and permit Grantees to determine if any changes to current circumstances are anticipated. Some third-party providers may, however, be unwilling or unable to provide the needed information in a timely manner.
 - 2. REVIEW OF DOCUMENTS Documents provided by the applicant (such as pay stubs, IRS returns, etc.) may be most appropriate for certain types of income and can be used as an alternative to third-party verifications. Copies of documents should be retained in project files.

Grantees should be aware that although easier to obtain than third-party verifications, a review of documents often does not provide needed information. For instance, a pay stub may not provide sufficient information about average number of hours worked, overtime, tips and bonuses.

3. APPLICANT CERTIFICATION - When no other form of verification is possible, a certification by the applicant may be used. For example, it may be necessary to use an applicant certification for an applicant whose income comes from odd jobs paid for in cash.

Applicant certification is the least reliable form of verification and may be subject to abuse. In some cases, the applicant certification can be supplemented by looking at the applicant's past history. The Grantee can review the previous year's income tax return to determine if the current year's income is consistent with activity for the previous year

- **G. CALCULATION METHODOLOGIES** Grantees must establish methodologies that treat all households consistently and avoid confusion.
 - 1. It is important to understand the basis on which applicants are paid (hourly, weekly or monthly, and with or without overtime). An applicant who is paid twice a month may actually be paid either twice a month (24 time a year) or every two weeks (26 times a year).
 - 2. It is important to clarify whether overtime is sporadic or a predictable component of an applicant's income.
 - 3. Annual salaries are counted as Annual Income regardless of the payment method. For instance a teacher receives an annual salary whether paid on a 9 or 12- month period.
- **H. DETERMINING WHOSE INCOME TO COUNT** Knowing whose income to count is as important as knowing which income to count. Under the Section 8 definition of income, the following income *is not counted:*
 - 1. INCOME OF LIVE-IN AIDES If a household includes a paid live-in aide (whether paid by the family or social service program), the income of the live-in aide, regardless of its source, is not counted. (Except under unusual circumstances, a related person can never be considered a live-in aide).
 - 2. INCOME ATTRIBUTABLE TO THE CARE OF FOSTER CHILDREN Foster children are not counted as family members when determining family size to compare with the Income Limits. Thus, the income a household receives for the care of foster children is not included; and
 - 3. EARNED INCOME OF MINORS Earned income of minors (age 17 and under) is not counted. However, unearned income attributable to a minor (e.g., child support, AFDC payments, and other benefits paid on behalf of a minor) is counted.
 - 4. TEMPORARILY ABSENT FAMILY MEMBERS The income of temporarily absent family members is counted in Annual Income regardless of the amount the absent family member contributes to the household. For example, a construction worker earns \$600/week at a temporary job on the other side of the State. He keeps \$200/week for expenses and send \$400/week home to his family. The entire \$600/week is counted in the family's income.

- 5. ADULT STUDENTS LIVING AWAY FROM HOME If the adult student is counted as a member of the household in determining the Income Limit used for eligibility of the family, the student's income must be counted in the family's income.
- 6. PERMANENTLY ABSENT FAMILY MEMBER If a family member is permanently absent from the household (e.g., a spouse who is in a nursing home), the head of the household has the choice of either counting that person as a member of the household, and including income attributable to that person as household income, or specifying that the person is no longer a member of the household.
- 7. PERSONS WITH DISABILITES During the annual recertification of a family's income, increases in the income of a disabled member of qualified families residing in HOME assisted housing or receiving HOME tenant- based rental assistance is excluded. 24 CFR 5.61(a) outlines the eligible increases in income. These exclusions from annual income are of limited duration. The full amount of increase to an eligible family's annual income is excluded for the cumulative 12-month period beginning on the date the disabled family member is first employed or the family first experiences an increase in annual income attributable to the employment. During the second cumulative 12-month period, 50 percent of the increase in income is excluded. The disallowance of increased income of an individual family member who is a person with disabilities is limited to a lifetime 48-month period.

Houses will be rehabilitated in descending order, the household with most need first, the next household second, and so on until the funds are expended.

The rating system is based on points. The needlest household will have the highest number of points. Information for determination of points is taken from the applications (HO-3) submitted by the homeowner. Each application shall be rated according to:

11. TERMS, CONDITIONS AND CONSIDERATIONS FOR GRANTS

- **A. DETERMINATION OF THE AMOUNT OF THE GRANT** The amount of a rehabilitation grant that an applicant may receive will not exceed:
 - 1. The actual and approved cost of the repairs and improvements necessary to make the dwelling unit conform to the housing standards adopted by the Grantee and THDA.
 - 2. The amount and structure of the grant must be consistent with the application submitted to THDA.
 - 3. When the applicant is furnishing supplementary funds from other sources, evidence that actual funds are available will consist of verifications and documentation by the Grantee that the applicant has deposited the required amount in the appropriate escrow account. Such deposit must be made before the grant application and any construction work can begin.

B. STRUCTURE OF FINANCIAL ASSISTANCE

HOME funds are used to make forgivable grants to property owners to cover the full cost of needed rehabilitation work.

- 1. To prevent owners from simply selling the property and profiting from the HOME funded improvements, the owners must repay the program if they sell the property within the compliance period. Part of the owners obligations is forgiven each year hey live on the property.
- 2. Repayment of the rehabilitation grant shall be based on a twenty percent (20%) reduction of the amount to be repaid per year, according to the following schedule:

 - a. If ownership of the property is in the form of a life estate, the owner of the property as well as the life estate must sign the Grant Note and the Deed of Trust.
 - b. If the property has been inherited by multiple owners not of whom reside in the property, all of the owners must sign the Grant Note and Deed of Trust.
 - c. Grantees and administrators should consult their agency and community general counsel if there are questions.
- 5. In case of death, THDA does not require repayment as long as the ownership of the property passes to the heirs. If the heirs sell or rent the property, or if the property is sold with monetary gain by any actions of a court to settle outstanding claims or settle estate, the grant must be repaid into the states HOME account, less any forgivable portion.
- 6. The property owner agrees to maintain their newly rehabilitated structure to a minimum level as expected by local codes and provisions. This agreement will last the lifetime of the contractual agreements as outlined in the Grant Note and Deed of Trust.
- **C. OTHER GRANT CONDITIONS** Specific terms and conditions are incorporated in the grant application and the contract documents. The applicant agrees to:

 - 3. Permit the contractor to use, at no cost, reasonable existing utilities such as gas, water and electricity which are necessary to the performance and completion of the work.

4. Cooperate fully with the Grantee and the contractor to insure that the rehabilitation work will be carried out promptly.

12. ELIGIBLE REHABILITATION ACTIVITIES

A. INTRODUCTION

A rehabilitation grant may be made only to cover the cost of rehabilitation necessary to make a dwelling unit conform to the SBCCI Standard Building Code or more stringent local housing codes adopted by the jurisdiction in which the property is located and consistent with the application submitted to THDA.

- 1. REHABILITATION: The maximum allowable HOME funds per Homeowner Rehabilitation unit are capped by the HOME subsidy limits, which are established by HUD and cannot be exceeded.
- 2. All units built prior to 1978 require a lead-based paint (LBP) inspection. If hazards are identified, a risk assessment by a qualified risk assessor is required. If the risk assessment of a pre-1978 unit discloses no lead, then the cap for rehabilitation costs is capped by the HOME subsidy limit.
- 3. If the risk assessment for a pre-1978 unit reveals the presence of lead-based paint and the estimated rehabilitation costs are less than \$25,000, interim control/lead safe-work practices will apply and the maximum HOME subsidy for rehabilitation hard costs is limited to \$25,000.
- 4. If the risk assessment for a pre-1978 unit reveals the presence of lead-based paint and the estimated rehabilitation costs exceed \$25,000, then abatement using a qualified abatement contractor and will be required to provide assistance up to the HOME subsidy limits.
- 5. Manufactured units are not eligible for HOME-funded rehabilitation.
- **B. RECONSTRUCTION HOUSING -** Prior to authorizing new dwellings, construction under the reconstruction provisions of the HOME Program, the Grantee must determine if reconstruction is the more cost effective use of HOME funds.
 - 1. When reconstruction is recommended, a completed HO-7, along with required supporting documentation and photographs must be submitted to THDA for review. If THDA concurs with the determination, written permission to proceed will be provided.
- **C. REPLACEMENT HOME GUIDELINES** The intent of a reconstruction activity is to provide assistance to homeowners who might not otherwise be helped due to the prohibitive

cost of rehabilitating their existing home. A replacement home, if deemed the most cost-effective solution to the housing deficiencies, shall be prescribed by the grantee.

- 1. Rehabilitation spending beyond reasonable limits on an existing home is not authorized if a replacement home is refused by the homeowner.
- 2. A replacement home does not necessarily have to meet the same requirements as the existing home in terms of square footage, number of bedrooms/ bathrooms or other design/amenity considerations.
- 3. The replacement home must provide all permanent residents of the home with safe, decent and sanitary housing within the terms of the 2009 International Residential Code for One- and Two-Family Dwellings, and/or local codes, as applicable.

D. ELIGIBLE COSTS

- 1. **EXISTING CODE VIOLATIONS** Costs allowable in rehabilitation grants are the costs of correcting existing housing code violations which have been determined by a qualified housing inspector and formalized in an individualized housing report.
- 2. INCIPIENT CODE VIOLATIONS An incipient violation exists if at the time of inspection an element in the structure which, due to age, deterioration, wear, or normal usage will deteriorate within the life of the grant period and thus become code violations. Costs to correct these potential violations are eligible costs.
- **3. PERMITS AND FEES** Rehabilitation funds may be used to cover the cost of building permits and related fees required to carry out the proposed rehabilitation work. However, since the rehabilitation contract documents will require the contractor to pay them, these cost ordinarily would be included in the contract amount. Recording and filing fees are eligible costs.
- 4. EQUIPMENT Rehabilitation funds may provide for the repair or purchase and installation of certain basic equipment necessary for the maintenance of the household in a safe, sanitary and healthy environment. These include such items as heating furnace, hot water heater, electrical and sanitary fixtures, kitchen stove, refrigerator, cabinets and sinks. Purchase and installation is acceptable if there is no such equipment in the dwelling or if the existing equipment is unsafe, unsanitary or nonfunctional.
- 5. HANDICAPPED Special alterations or costs related with making the dwelling more convenient or accessible for handicapped persons is an eligible cost. The Grantee will notify THDA if an applicant is handicapped. All work performance in these units must comply with all applicable codes as well as all Federal and State regulations.
- **6. LEAD-BASED PAINT** All costs associated with the abatement of lead-based paint hazards must comply with SS92.206(a)3.

7. DEMOLITION OF EXISTING STRUCTURES AND UTILITY

CONNECTIONS - All costs related to the demolition of existing structures and provide utility connections are to comply with SS92.206(a)3.

- **8. EXTERIOR PAINTING -** Exterior painting is an eligible cost when it is necessary to maintain watertight exterior on the dwelling.
- 9. OTHER COSTS Rehabilitation costs not specifically required by the housing rehabilitation standards found necessary for the safety, health and general welfare of the occupants of the structure may be considered for eligibility, with prior consent of the Grantees governing body and THDA, as well as any other cost as outlined in the Federal Register SS92.206.
- **10. GUTTERS** Gutters are an eligible cost when rehabilitating the exterior of a unit or when reconstructing a unit.
- **E. INELIGIBLE COSTS** In general, rehabilitation grants shall not be used for:
 - 1. Renovation of dilapidated out buildings.

13. HOUSING REHABILITATION SPECIFICATIONS

- **A. INTRODUCTION -** This section sets forth the responsibilities of the Grantee for determining the rehabilitation work necessary to bring a dwelling into conformance with the minimum code adopted by the Grantee, and with the objective of the program as proposed in the application submitted to THDA. The Grantee will:
 - 1. Inspect the property and prepare an inspection list noting code deficiencies.
 - 2. Consult lead-based paint testing/risk assessment to identify lead-based paint hazards.
 - 3. Consult with and advise the owner of the work to be done and the availability of a rehabilitation grant.
 - 4. Prepare a work write-up and cost estimate as a basis for a rehabilitation grant and for the bid process in contracting for the rehabilitation work.

- **B. PROPERTY REVIEWS** The THDA approved Rehab Coordinator must conduct: (1) an initial review of the property to determine the deficiencies that must be addressed, (2) a progress review to monitor construction progress and (3) a final review to certify that work is completed in accordance with the approved work write up and any applicable change orders. The final inspection must be conducted by not only the Rehab Coordinator but also by a state certified residential building code official. A certificate of compliance by the local codes official or representative of the State Fire Marshal's Office must be submitted to THDA with the Rehab Coordinator's final property review.
- C. WORK WRITE-UP AND COST ESTIMATE The work write-up and cost estimate is a statement based on the code inspection and itemizes all the rehabilitation work to be done on the dwelling and includes an estimate of the cost of each item. The cost estimate will be reasonable, reflect prevailing labor and material costs, and reflect a reasonable profit for the contractor.
 - 1. DUAL-USE OF WORK WRITE-UP The write-up will be detailed and specific in style. Each item will be identified as correcting a code violation, meeting a code requirement, or an eligible cost under the grant. This same write-up without the cost estimate will serve as a part of the specifications for the constructions contract documents.
 - 2. ITEMIZING COSTS Each item of work and its estimated cost will be identified in the work write-up as either correcting a code violation, meeting a code requirement, or eligible under the grant. This will be done on the work write-up by entering the cost estimates in a columnar arrangement.
 - 3. OWNER PREFERENCE A work write-up need not contain details that have no significant effect on cost, such as color, style or pattern. The term to be selected by owner may be used appropriately.
- D. CONSULTATION WITH HOMEOWNER/APPLICANT The Grantee will consult with the prospective applicant on the work write-up and cost estimate. The Grantee will advise the applicant that only work that is directed toward correcting a code violation, meeting a code requirement or an eligible activity can be funded by the grant. The homeowner must understand that Ageneral property improvements or cosmetic improvements are not eligible for funding. The final work write-up (without costs) will be used by contractors for determining their bids and incorporated into the rehabilitation contract which the homeowner and contractor will sign. The homeowner should initial each page and sign the last page of the write-up.
- **E. CLEARLY WRITTEN SPECIFICATIONS -** The work write-up will be written so that it provides a clear detailed understanding of the nature and scope of the work to be done and a basis for carefully determined bids and proposals from contractors. The homeowner shall have a clear understanding of the nature and scope of the work to be done and any limitations that may exist.
 - 1. Each specification will show the nature and location of the work and the quantity and type of material required.

2. The specifications will refer to manufacturer's brand names and association standards to identify quality of material and equipment and may make provision for acceptable substitutes or quality and brand name requirements may be included in the general conditions and specifications and indicated by reference in the work write-up.

14. CONTRACTING FOR REHABILITATION WORK

- **A. INTRODUCTION -** This section sets forth requirements and procedures with respect to the construction contracts for housing rehabilitation financed through a rehabilitation grant. The Grantee will request final payment from THDA at that time.
- 5. If the homeowner refuses to sign the final acceptance, the Grantee may authorize full payment for those items which are undisputed and acceptable to all parties.

16. GRIEVANCE PROCEDURE

The Grievance Procedure should be made a part of the contract between the homeowner and the contractor. - 4. The award rendered by the arbitrator shall be final, and judgement may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.
- 5. If the arbitrator's award is in a sum which is less than that which was offered in settlement by the contractor, the arbitrator may award costs and attorney's fees in favor of the contractor. If the award of the arbitrator is in a sum greater than that which was offered in settlement by the owners, the arbitrator may award costs and attorney's fees in favor of the owner.

WHEREAS, the General Assembly, in passing Chapter 627 of the Public Acts of 2002 and Chapter 57 of the Public Acts of 2003, amended T.C.A. § 5-1-118 to expand the ability of counties to exercise certain municipal powers in relation to the regulation of nuisances and other practices detrimental to the inhabitants of the county as outlined in T.C.A. § 6-2-201 (22) and (23); and,

Re:

Justice Center/Jail Project Design Team Update

The Justice Center/Jail Project Design Team consists of the County Mayor, Commissioner Long, representatives of the jail administration, circuit court clerk's office, community service office and the maintenance department. Moseley Architects has four representatives. Bob Bass of the Tennessee Corrections Institute and Jim Hart, the CTAS corrections consultant, are also part of the team.

SPACE DESIGN

The design team met on May 15th and May 29th to discuss schematic design objectives of the project. At both meetings, site plans were discussed and some basic concepts of jail management and design were debated as well as the needs of the court rooms and clerk's office.

The next planning meetings took place by telephone with representatives of Moseley Architects, Mayor Brittain and Commissioner Long. At the first telephone conversation on June 24th, the group reviewed a 180,000 sq ft concept that County representatives said would cost too much. During the second telephone meeting on July 16th, a 140,000 sq ft concept was reviewed. It didn't meet the County's needs since it included less than 450 prisoner beds. Mayor Brittain and Commissioner Long suggested that the architects take the first concept and reduce it to 160,000 to 165,000 sq ft. Project Manager Bryan Payne of Moseley Architects is currently working on that concept.

PROJECT COSTS

During June and July, Mayor Brittain and representatives from Moseley Architects researched justice center building costs in Tennessee by contacting other counties who are either planning jail expansions or are in the construction phase. The research concluded that jail space is costing about \$325/sq ft, courtroom space \$250/sq ft and office space \$180/sq ft. Moseley Architects will provide the first of three cost estimates with the help of cost estimators once the schematic design is completed.

EXISTING JUSTICE CENTER BUILDING

Regarding the existing Justice Center building, Moseley Architects' structural engineer toured the building on July 18th and project manager Bryan Payne had discussions with TCl's Bob Bass about how the building can be used in the future.

The weight of the material stored in the attic exceeds what it was designed to support. Therefore, we need to move some of the material from the attic and store it elsewhere. A plan will be presented in the coming weeks.

The "slams" area of the jail cannot be used for housing units because it cannot meet the certification requirements for natural light in the cell areas because it is underground. It will have to be used for storage or other purposes. The 1st floor of the "annex" can be used for housing with some modifications to the structure, such as the construction of a firewall that separates the annex from the original building. The physical address of the annex would also have to be separate from the original building. It can be certified for about 30-35 beds.

As is, the second floor of the annex (currently the women's area) cannot be used for housing because the roof construction includes plywood sheathing and the exterior walls have wood components. State corrections regulations do not allow combustible materials in the walls or in the over-head space of a housing unit. To use the second floor, the current construction would have to be removed and rebuilt using non-combustible material. This option would also require improvements to the 2nd floor support system to handle the additional weight of the heavier non-combustible materials.

More discussions about the best use of the existing building will need to take place.

Re:

Property Purchase at Future Justice Center/Jail Site

The design team for the Justice Center/Jail Project is recommending that Hamblen County buy the property bordered to the east by Allison Street and to the west by North Jackson Street to provide additional land for the project.

Purchase agreements/options have been negotiated with four of the property owners and negotiations are continuing with the remaining owners.

I am requesting two separate actions from the Jail Study Committee:

- 1) Recommend to the County Commission that it purchase the four parcels of property for which we have purchase agreements/options. See the attached list.
- 2) Recommend to the County Commission the approval of a \$1.5 million Capital Outlay Note to borrow money from the General Debt Service Fund (#151) to purchase the property and pay the design fees until permanent financing is arranged. The "interfund loan" will be made at 0% and the money will be moved to the General Capital Projects Fund (#171) where the bills will be paid.

If the Commission approves the Capital Outlay Note, it must be submitted to the Office of State and Local Finance for its approval before the money can be spent.

Do not hesitate to contact me with any questions.
