Bill,

Per our conversation on December 12, 2022, I am letting you know that the 2 cost collection vendors are Perdue, Brandon and Capital Recovery Systems. Looking at the 2 and speaking to other Clerk's I feel that Perdue, Brandon will give us the most in cost collections. Perdue, Brandon will charge 20% to the defendants and Capital Recovery Systems will charge 30 % to the defendants. They only get their money when the costs, fines and restitution are paid.

If I can be of further assistance, please advise.

#### CONTRACT FOR COURT FINES AND FEES COLLECTION SERVICES

STATE OF TENNESSEE §
COUNTY OF HAMBLEN §

#### SECTION I. PARTIES TO THE CONTRACT

- 1.01 This contract, hereinafter called "Contract," is made and entered into by and between the Hamblen County Clerk, State of Tennessee, hereinafter called "the Client" and Perdue, Brandon, Fielder, Collins & Mott, L.L.P., hereinafter called "Perdue Brandon."

## SECTION III. PERDUE BRANDON'S COLLECTION OBLIGATIONS

- 3.01 Perdue Brandon agrees to use its best efforts to collect the delinquent accounts received from the Client and to comply with all provisions of state and federal law and regulations promulgated pursuant thereto in the rendition of collection services contemplated by this Contract.

Re:

Accident Settlement Proposal

On July 1, 2022, one of our jail trustees working with the yard maintenance crew with our maintenance department was involved in a traffic accident while driving a lawn tractor.

The lawn tractor driven by the inmate collided with a passing motorist when the lawn tractor turned left from W Third North St onto North Church St. The motorist was trying to pass the lawn tractor when the collision happened. The driver of the lawn tractor did not give any hand signals that he planned to turn.

Our liability insurance company opined that we were not liable for the repairs to the motorist's car that totaled \$2,494.01. However, the County Attorney negotiated a settlement of one-half of the claim (\$1,247.00) to avoid a lawsuit which would cost us more to defend.

Therefore, County Attorney Chris Capps and I recommend that the Commission agree to the pay the settlement amount of \$1,247.00)

# New Authority for Counties to Regulate Nuisances Introduction

New Authority for Counties to Regulate Nuisances Introduction

# New Authority for Counties to Regulate Nuisances Introduction

In this legislative session, the General Assembly expanded the number of counties authorized to regulate nuisances and exercise general police powers. Last year, Chapter 627 of the Public Acts of 2002 amended T.C.A. § 5-1-118 to add a subsection (c) that allowed counties without zoning authority to exercise the authority granted to municipalities by T.C.A. § 6-2-201(22) and (23). Those powers are described by law as the ability to: Define, prohibit, abate, suppress, prevent and regulate all acts, practices, conduct, businesses, occupations, callings, trades, uses of property and all other things whatsoever detrimental, or liable to be detrimental, to the health, morals, comfort, safety, convenience or welfare of the inhabitants of the municipality, and exercise general police powers; and Prescribe limits within which business occupations and practices liable to be nuisances or detrimental to the health, morals, security or general welfare of the people may lawfully be established, conducted or maintained. T.C.A § 6-2-201(22) and (23).

This year, the General Assembly, in Chapter 57 of the Public Acts of 2003, amended the statute to allow all counties the ability to use these powers after adoption of a local resolution by two-thirds vote of the county legislative body. The act took effect on April 23, 2003.

#### Background

A long line of Tennessee Supreme Court case law has held that counties have no authority except that expressly given them by statute or necessarily implied from it. Bayless v. Knox County, 286 S.W.2d 579 (Tenn. 1955). As a result, counties traditionally have not been able to exercise the general police powers and other regulatory powers that many municipalities have. In 1995, the General Assembly passed the so-called "County Powers Act" (Chapter 264 of the Public Acts of 1995) which enacted statutes giving counties specific regulatory authority over certain practices (e.g. regulation of stray animals - T.C.A. § 5-1-120), gave counties many other municipal powers by reference (e.g. making special assessments, granting franchises for public utilities and services, collecting garbage

- T.C.A. § 6-2-201), and set up a system of enforcement of county rules through the general sessions court (T.C.A. § 5-1-123). At that time, the state legislature considered giving counties general police powers and regulatory authority over nuisances; however, that proposal was rejected. In the years that followed, some counties petitioned the legislature to amend the law to allow certain specific counties, identified by narrow population class, to exercise the nuisance regulatory authority. Such narrow population class exceptions to the general law have often been found suspect under the Article XI, Section 8 of the Tennessee Constitution. See Attorney General Opinion 02-044 (April 9, 2002). As a result, the counties using these narrow population classes always had the potential of a constitutional challenge to any regulations enacted under that authority. In 2002, Representative Charles Curtiss and

Senator Jerry Cooper, at the request of a county in their districts, sponsored legislation to allow counties without zoning to use the regulatory powers described above. In most cases, the counties that approached the members of the state legislature about this issue were having problems with particular types of problematic land uses that were unregulated in those counties. It was believed at the time that counties with zoning authority already had other means of addressing these concerns and were therefore omitted from the grant of authority. Subsequent to the 2002 session of the legislature, several counties with zoning authority made the argument that the nuisance regulatory power could be used to address issues not covered by zoning and would be helpful to counties regardless of whether or not they had zoning. As a result, legislation was proposed and passed in 2003 to give this authority to all counties.

#### Limitations

The exercise of the powers granted by T.C.A. § 5-1-118(c) is limited as follows:

Local Adoption - Even though all counties are now eligible to exercise the powers in T.C.A. § 6-2-201(22) and (23), a county may not pass any such regulations pursuant to that authority unless it first adopts those powers by a resolution passed by a two-thirds majority of the county legislative body. A sample resolution that may be used for such adoption is included in this Spotlight. Also, Chapter 57 of the Public Acts of 2003 clarified that the county must not only pass such a resolution by a two-thirds majority, but also must pass any subsequent regulations by a two-thirds majority.

Jurisdiction - By law, the authority granted by T.C.A. § 5-1-118(c) may only be exercised in the unincorporated areas of the county. Additionally, the law states that it should not be construed to allow any county to prohibit or in any way impede any municipality in exercising any lawful municipal power or authority.

Exempted Activities - The law also exempts certain businesses and practices from regulation. The powers conferred upon counties by T.C.A. § 5-1-118(c) do not apply to the following activities which are regulated under other provisions of general law: sale of beer and alcoholic beverages; wholesale of beer; surface mining; production of oil and gas; activities covered by environmental protection laws and regulations dealing with air pollution, atomic energy, solid waste disposal and management, landfills, hazardous waste management, petroleum underground storage, oil spill cleanup, dry-cleaning, water, wastewater and sewerage; water management; wells; and dams. Additionally, T.C.A. § 5-1-118(b) provides that counties may not use these powers to prohibit or regulate normal agricultural activities.

Grandfathered Uses - In T.C.A. § 5-1-118(c)(3), the law provides further that all court decisions and statutory laws relating to variances and non-conforming uses applicable to zoning ordinances and land use controls shall apply to the enforcement and exercise of these new regulatory powers. For example, if a county determined that the sound of planes taking off and landing at an airport could potentially be a nuisance to surrounding residential properties and passed a regulation prohibiting the location of an airport within ½ mile of a residential property, this regulation may limit the location of future airports in the county, but an airport that was in existence at the time the regulation was passed which violated the distance rule would be allowed to continue to operate as a pre-existing non-conforming use. (continued after the sample resolution)

### STATE OF TENNESSEE DEPARTMENT OF HEALTH

BILL LEE GOVERNOR ANDREW JOHNSON TOWER, 5<sup>TH</sup> FLOOR 710 JAMES ROBERTSON PARKWAY NASHVILLE, TN 37243

MORGAN MCDONALD, MD, FACP, FAAP
COMMISSIONER

November 14, 2022

Dear County Mayor/County Executive,

The Tennessee Department of Health remains committed to supporting your county health department infrastructure initiatives. The financial commitment made by the department to your county remains unchanged despite delays in project implementation and contractual approvals.

As you know, the American Rescue Plan Act (ARPA) provided significant sums of federal funds to support infrastructure projects including enhancements to your county health departments. However, the utilization of these funds requires equally significant reporting and audit responsibilities. Throughout the course of this year, the department prioritized establishing a reporting framework to assist the State and counties in meeting the challenges posed in utilizing ARPA funds.

In the coming weeks, departmental staff will be working with you to finalize details related to local health department infrastructure projects. This outreach will include implementation timelines, general project information, unanticipated federal requirements, and challenges posed by increasing construction costs. Departmental staff will assist your county in navigating through these challenges.

As always, I appreciate your partnership and patience as we embark on projects that will significantly improve the health and well-being of our citizens.

Sincerely,

Morgan McDonald, MD, FACP, FAAP

Morgan McDonald

Commissioner

#### RESOLUTION 22 - 29

#### RESOLUTION BY HAMBLEN COUNTY, TENNESSEE TO REQUEST STATE LEGISLATORS TO INTRODUCE LEGISLATION AMENDING THE PRIVATE ACTS CREATING THE HAMBLEN COUNTY ROAD COMMISSION AND ROAD DEPARTMENT

WHEREAS, by Tennessee Private Acts of 1949, Chapter 313, as amended by Tennessee Private Acts of 1996, Chapter 161, the Hamblen County Road Commission and Hamblen County Road Department were created; and,

WHEREAS Section 2 of the Private Acts provides that members of the Road Commission who attend a regularly scheduled monthly meeting shall receive as compensation for their services two hundred dollars (\$200.00), payable out of road funds of the county, except for the chairman, who shall receive the sum of three hundred fifty dollars (\$350), payable out of road funds of the county; and,

WHEREAS, it has been several years since the members of the Road Commission have received an increase in compensation partially because the process of amending the Private Acts to solely increase the pay rate is extremely cumbersome; and

WHEREAS the Hamblen County Legislative Body (HCLB) sets the pay rates for similar bodies such as the County's Election Commission and Planning Commission; and

WHEREAS, to simplify the process of adjusting the compensation of members of the Road Commission it will be necessary to amend Section 2 of the Private Acts creating the Hamblen County Commission and Road Department.

NOW, THEREFORE, BE IT RESOLVED, the Hamblen County Legislative Body, meeting in regular session on the 15<sup>th</sup> day of December, 2022, request that State Senator Steve Southerland and state representatives Rick Eldridge and Jeremy Faison introduce legislation before the Tennessee Legislature amending the Private Acts creating the Road Commission and Road Department granting the County Legislative Body the authority to set the compensation of the Road Commission at no less than \$200 for attending a regularly scheduled monthly meeting, except for the chairman, who shall receive no less than three hundred fifty dollars (\$350.00), for attending a regularly scheduled monthly meeting.

WHEREFORE, it was moved by commissioner	Sobby Haun	_ and seconded by
