

**Request for Qualifications for Special Inspections and Materials  
Testing for the Hamblen County Justice Center 2021-07**

**EVALUATION OF QUALIFICATIONS for RFQ #2021-07:**

A Request for Qualifications differs from a Request for Bid or Proposal in that the County is seeking the most qualified respondent. Submissions will be evaluated in accordance with the requirements stated within the RFQ #2021-07 and any addendum issued. The highest score will be determined to be the most qualified and contract negotiations will begin at that point. In the event that a contract cannot be negotiated with the first most qualified respondent, the County reserves the right to negotiate with the next qualified respondent until a contract can be reached.

**Evaluation Criteria:**

<b>Evaluation Criteria</b>	<b>Maximum Points to be Earned</b>
Experience with micro pile installation and measurement in Eastern TN karst formations	15
Experience with pre-cast wall panel erection	15
Experience with subsurface soil-cement modifications	15
