Re: Annual Debt Report

---

In compliance with Section II.B of Hamblen County’s Debt Management Policy, we present the Annual Debt Management Report for the fiscal year ending June 30, 2024. It is our goal to demonstrate strong financial management practices to the citizens of Hamblen County, investors, and credit agencies. We will continue our practice of strategic planning to issue and manage debt based on focused long-term goals.

Hamblen County received a rating of Aa3 from Moody’s Investors Service, and an AA- from Standard and Poor’s during its most recent ratings review. These ratings are a positive reflection of Hamblen County’s solid financial position, conservative budgetary practices, and well managed debt profile. These ratings allow Hamblen County to obtain financing at lower interest rates, which in return results in a lower tax burden on its citizens.

The most recent ratings are further supported by comparing selected ratios to national benchmarks. Based on the projected outstanding principal at June 30, 2024, Hamblen County’s net debt to assessed property value is 6.57 percent compared to a national benchmark which recommends a percentage of no more than 10 percent. Additionally, Hamblen County’s net debt-per-capita ratio of \$1,895 is considered in the low category in Standard & Poor’s classification system for setting credit ratings. Finally, Hamblen County’s net debt as a percentage of personal income is 3.82 percent as compared to the benchmark which recommends a percentage of 4.5 percent or less. Each of these ratios individually, and in combination, reinforces the County’s strong financial management practices. Hamblen County also compares favorably with surrounding counties.

As we begin the 2024-2025 budget discussions, we will work with our Finance Committee, Budget Committee, and County Commission to adopt an adequately funded debt budget that meets the present and future needs of the citizens of Hamblen County.

In compliance with Section II.B of Hamblen County's Debt Management Policy, Amanda Hale, Finance Director, and I present the Annual Debt Report for the fiscal year ending June 30, 2024, for your approval. This report is designed to provide information to the Finance Committee, Budget Committee, and County Commission that will allow us to adopt an adequately funded debt budget. We will continue our practice of strategic planning to issue and manage debt based on focused long-term goals.

Hamblen County's ratings of Aa3 from Moody's Investors Service and AA- from Standard and Poor's are a positive reflection of Hamblen County's solid financial position, conservative budgetary practices, and well managed debt profile. These ratings allow Hamblen County to obtain financing at lower interest rates, which in return results in a lower tax burden on its citizens.

The most recent ratings are further supported by comparing selected ratios to national benchmarks. Based on the projected outstanding principal at June 30, 2024, Hamblen County's net debt to assessed property value is 6.57 percent compared to a national benchmark which recommends a percentage of no more than 10 percent. Each of these ratios individually, and in combination, reinforces the County's strong financial management practices. Hamblen County also compares favorably with surrounding counties.

We look forward to working together as we prepare the 2024-2025 General Debt Service Fund budget that meets the needs of the citizens of Hamblen County.

Debt Per Capita	\$ 2,006	\$ 1,984	\$ 1,895

**Debt Per Capita** - This ratio is used in evaluating the county's ability to pay off its debt by taking the total principal on outstanding debt divided by the total citizens in the county.

Most recent population data is for July 1, 2020 per U.S. Census Bureau.  
 See footnote 2.

Population		<u>66,216</u>
<b>Net Debt Per Capita - S &amp; P's Low Category</b>	<u><b>\$2,000</b></u>	<u><b>\$ 1,700</b></u>

**Net Debt** - Net debt is the outstanding principal less the fund balance that is currently available in the General Debt Service Fund. This allows Hamblen County to determine the amount required to be collected in the future to retire the outstanding principal on its debt.

**Net Debt Per Capita** - Net debt per capita is calculated by dividing the net debt by the total number of citizens of Hamblen County. This is the additional amount that Hamblen County would need to collect from every citizen in order to retire its outstanding principal balance. Simply stated, if every citizen remitted an additional \$1,700 to Hamblen County at June 30, Hamblen County would be able to retire all of its debt excluding the interest component at one time. For comparison, Standard and Poor's classifies governments with net debt of between \$1,000 in and \$2,000 net debt per capita as having a low debt burden.

Personal Income	\$ 40,627	\$ 45,275	\$ 49,656
Debt as a Percentage of Personal Income	4.94%	4.38%	3.82%

**Debt as a Percentage of Personal Income** - This ratio incorporates an ability to pay concept into the assessment of debt burden. It uses total personal income (including wages, dividends, interest, rent, and government payments) divided by total population. The lower the percentage the more desirable the measurement. A low debt per capita percentage indicates either a low debt burden or strong personal income or some combination of the two.

Most recent data is for July 1, 2022, July 1, 2021 and July 1, 2020 per U.S Census Bureau and BEA. See footnotes 2 & 3.

It uses the total personal income (including wages, dividends, interest, rent, and government payments) divided by total population. This ratio can be utilized to determine how Hamblen County's debt load can be spread to its citizens based on their ability to pay. For comparison, a national standard uses a benchmark of not greater than 4.5% of total personal income to assess net debt. Hamblen County's current net debt as a percentage of personal income is 3.42%.

**NOTE:**

The Qualified School Construction Bonds were issued through the Tennessee State School Bond Authority and loaned to Hamblen County on December 17, 2009, in the amount of \$11,280,000. This other loan was issued at a cost of \$124,936 for capital projects related to the school department. It is important to note that the Tennessee State School Bond Authority issued the bonds and loaned the proceeds to Hamblen County and various other governments across Tennessee. Hamblen County pays interest of 1.515 percent on its share of the bonds and also pays a monthly administrative fee to the State of Tennessee. Hamblen County and the other borrowers of the bond proceeds are required to comply with federal regulations established for the Qualified School Construction Bond program. Failure to comply with those requirements may result in the loss of the tax credit status of the bonds. This would result in further charges to the borrowers (Hamblen County) including the requirements to pay the tax-credit rate (5.86 percent) in addition to the 1.515 percent for a total rate of 7.375 percent. Currently, the budget is based on the 1.515 percent and the related monthly administrative fee.

Payments are made to the State of Tennessee and deposited into a sinking fund. The State holds the sinking fund payments in escrow and will pay off the full \$11,280,000 in 2027. This schedule reflects the remaining payments required to be made to the sinking fund.
